3/ Source: Census Bureau report IM 145, U.S. Imports for Consumption.

4/ Dollar value represents the c.i.f. (cost, insurance, and freight) at the first port of entry in the United States plus calculated import duty.

5/ Individual export data are not available for these products; however, export data are available on a total basis.

6/ Includes all cotton and chiefly cotton mixed with manmade fiber.

7/ Total for manmade fiber fabrics does not include chiefly manmade/wool blends.

8/ "Manufacturers' production" of "Finished towels" does not include washcloths, whereas the quantity and value for imports and exports does include washcloths.

Note: Fabric blends as shown in "Manufacturers' production" are reported based on the fiber of chief weight; fabric blends shown for imports and exports are based on the fiber of chief value. A total may not equal the sum of the respective detail due to independent rounding.
