ACCUMULATION '68
NEW HAMPSHIRE COLLEGE
MANCHESTER, NEW HAMPSHIRE
MAHALA J. KING, EDITOR
College is but a collection of
fragments: classes, projects,
late nights, studying, talking, arguing,
partying, people, friends, habits,
watering holes, Bobby's Lunch,
the UK, mornings after the night before,
challenges, questions and answers,
more questions, more challenges.
Our memory serves as the treasurer of
our happenings, best are those
lingering in an pleasing sensation.
The biggest fragments are people,
they compose the excitement, pain,
learning and experience that is College.
All these fragments accumulate to
form memories and the experience that is College.

FALL AND WINTER WEEKENDS
The Student Senate booked comedian Richard Pryor, The Steve Barron Quartet and the Spectras for the Spring Concert held at the Swing Thing in Bedford. Saturday night there was a formal dance at the Sheraton Wayfarer with Dick Madison's band. The first student activity was held on the new campus on Sunday with a picnic and tree chopping contest. This was the most successful Spring Weekend held at New Hampshire College due to the large number of participating students.

It was the first season in which the Penman played an all four-year college schedule; it was the year in which N.H.C. athletics were sanctioned by the National Association of Intercollegiate Athletics; it was a year that saw the Penman face such competition as Loyola of Montreal, and Western New England College.

College life for some students is not merely going to classes and back to the dorm, but many are married, with families. Some decide to go back to college after the service, or after a few years of working. All maintain homes which provide additional worries. Some marry in college. Wives work to put husbands through, husbands work to support the family. Oh, what a rat race.
That's not the way Mom does it Daddy.

Words of admiration and affection we cannot even begin to express; as she has given us her unlimited time and patience. Because of her enthusiasm, we have been aided in our quest for knowledge in all levels of our education. A few lines can only hint at the respect we hold for her. We, the Class of 1968, take great pride and sincerity in dedicating ACCUMULATION '68 to Mrs. Beatrice Jordan, Librarian.

You are entering a world beset with turmoil; a world that no longer accepts the values of the past, but questions each new endeavor with fresh thought in a desire to make every change a meaningful change for every individual.

It is also a world that welcomes youth. It needs your enthusiasm, your courage, your dedication and commitment to your personal success and the successful continuation of our society. It is an awesome responsibility and I hope you have prepared well for it. If you have taken full advantage of your years at New Hampshire College, the time you have spent educating yourselves will be rewarded many times throughout your life.

Congratulations and best wishes.
