"The Wheel Of Life"
Life is like a ferris wheel
It Keeps on turning without feel
Think of the importance of friendship in the education of men. It will make a man honest; it will make him a hero; it will make him a saint. It is the state of the just dealing with the just, the magnanimous with the magnanimous, the sincere with the sincere, man with man.

Dear Sir,

The meal served on Wednesday, Jan. 10, was about the size of a lunch. Many of the students and faculty found it too small. I was told that it was prepared for people who are on a diet. The price at the cafeteria was much too high.

Suggestion:

1. Butter Crunch Ice Cream
2. Peppermint Stick Ice Cream

The amount of meals offered was too much.

Best,

[Signature]
Instead of diet tab, Pepsi, or Fresca ordering, you'd have better results in Diet Seven up soda instead! It tastes a lot better!

To Food Service

Why is it that in almost everything you cook, you put mushrooms in? Some people don't like mushrooms and are sick of trying to pick them out of the food. If you must have mushrooms why don't you offer them as a side dish, not mixed in with the food itself!!!

The distinguished graduate.
For over twenty years Martin Agronsky has had a distinguished career in television news reporting—as a correspondent, a commentator and news analyst. He has worked with all three major networks starting as an NBC war correspondent in the 1940's. Currently hosting "Agronsky At Large," produced by the Public Broadcasting Service, he interviews the world's major political figures. His conversations with these world leaders are incisive and penetrating. With pride, therefore, New Hampshire College names Martin Agronsky as alumnus and recognizes in his achievements a challenge and inspiration to youth.
