NEW ACTIVITIES

During the first semester Dean George Larkin and Student Activities Director Brian Gorden visited the dormitories and discussed with students their opinions about student activities on campus. Interest was expressed by women students in having an area provided for arts and crafts and sewing. The men indicated a strong desire for Universal gym equipment. Dean Larkin announces that the college has now set aside a room in the Student Center which will soon be open to all interested in arts and crafts, or sewing. In addition, the Universal gym equipment has arrived and is located on the upper level of the gym adjacent to Mr. D'Allesandro's office. This machine provides exercise for all the major muscles of the body and is available to both the male and female population of the college. If you are interested, visit the gym and learn how best to utilize this new purchase. The word received from the gym is that it creates beautiful bodies!
