#### **RE: APPLICATION FOR PURSUING EDUCATIONAL PRACTICE**

The above caption matter is concerned. I am a Tanzania woman aged 35. Currently am undertaking Masters in Science in Community Economic Development at Open University of Dar es salaam in collaboration with Southern New Hampshire University which is in USA. It is 18 month programme started from September 2005 to March 2007.

One among conditions which are needed to fulfill this programme is to work with CBO, NGOs, FBOs in any project within the organization, association just to mention, throughout the programme period. Providing technical assistance and sharing experience in the areas of community economic development projects..

For that reason, kindly I request to work in your association during this period. My interest is to work with Women association or organization that is why I selected your organization. So I will be available incase you need my assistance.

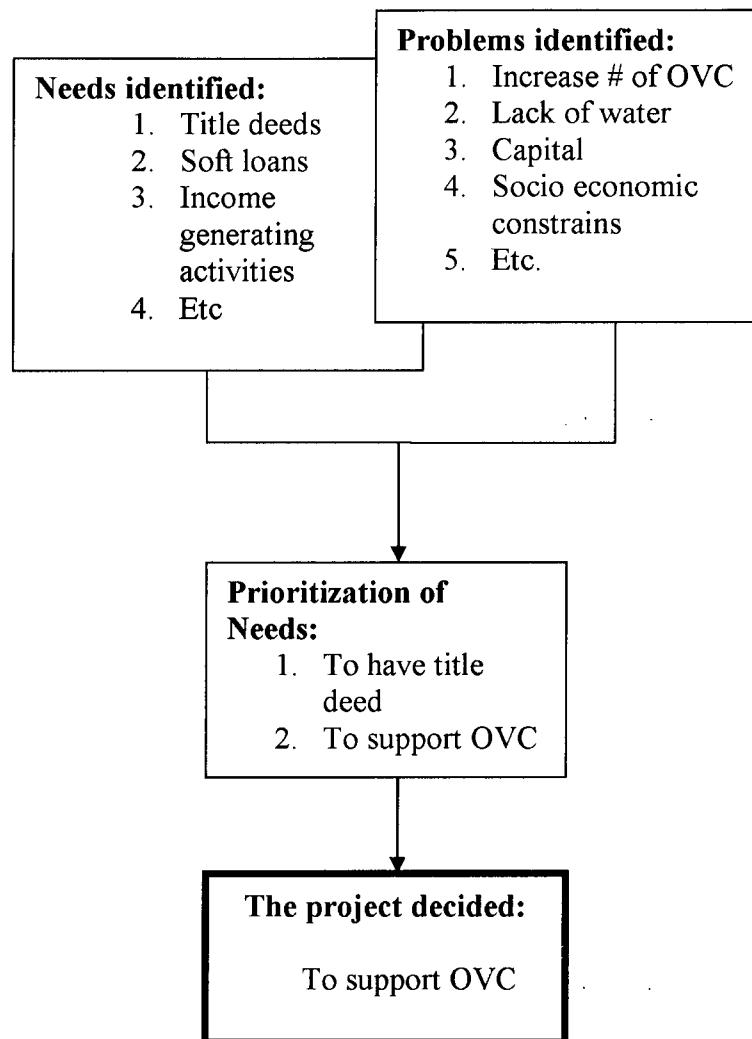

I will be able to produce more clarification and or evidences whenever needed.

Based on the above explanation, I think you will consider my application.

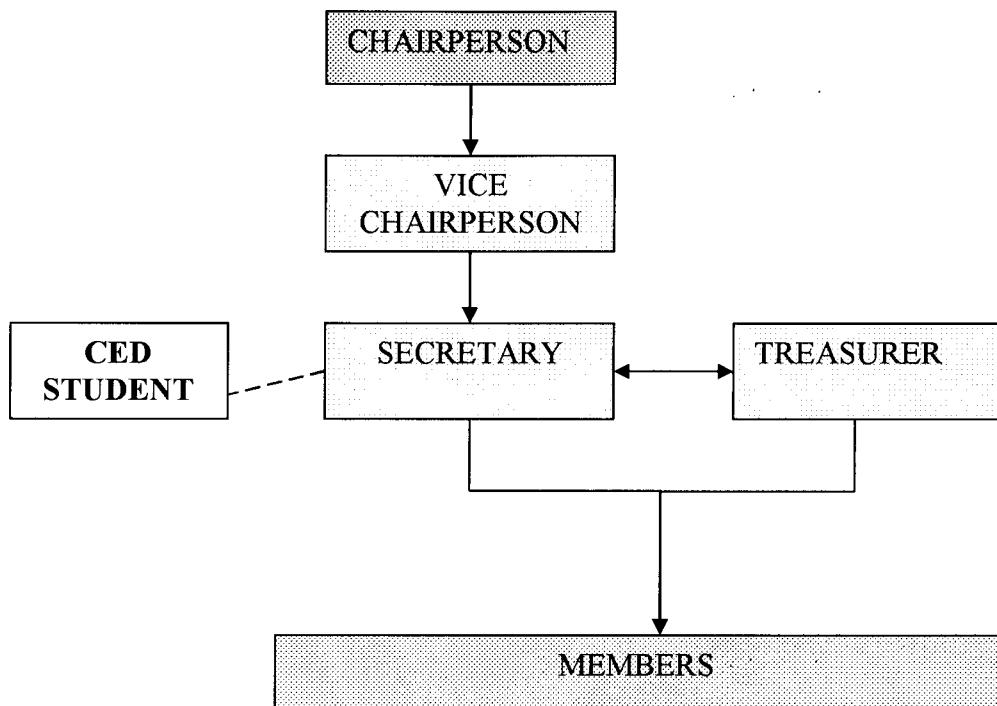

Looking to hearing from your.

Naomi Makota

## **CARE AND SUPPORT INITIATIVES OF WAMLU TO OVC OF UPENDO PRIMARY SCHOOL (UPS), MBEZI WARD, KINONDONI**

**Prepared by**  
Naomi Makota  
CED student  
January, 2007

## **Introduction**

Host Organization is WAMLU  
 **WAMLU** – Women Association of Mbezi Luis.

**WAMLU Goal** - Promote and improve socio-economic welfare of community through education and training in poverty reduction related issues

WAMLU has about 23 active members.  
WAMLU is the Matron of Upendo Primary School (UPS) at Mbezi Ward, Kinondoni

Project duration 18 months

## **Background Information about OVC**

### **OVC- Orphan and Vulnerable Children**

- Orphans** are the children left by their parents, whether single or both parents (ADRA; Williamson, 1997).
- Vulnerable Children** can either be those whose parents are still alive but due to socio-economic constraints such as family disintegrations, low income and so on parents fail to meet or take care of their children (Williamson, 1997).

## **Background Cont.....**

### **OVC**

"a child below the age of 18 who has lost one or both parents or lives in a household with an adult death (age 18- 59 years) in the past 12 months or is living outside of family care (UNAIDS/UNICEF,2003)"

## **Objectives**

### **Overall Objective the Project**

- To provide care and support to OVC students in order to have better future and more independent generations

### **Specific Objectives**

- To mobilize social and financial resources for OVC
- To identify strategies for empowering OVC's parents/guardians/caregivers in order to support their OVC.

## **Specific Objective Cont.....**

- To determine levels of school performance against OVC and non - OVC
- To ensure WAMLU is empowered and provided with appropriate training for care and support of OVC.
- To sensitize community on the importance of supporting OVC as well as project initiatives.
- To identify factors affecting OVC students in their daily life

## **Problem Identification**

- UPS has a total number of 2,021 students
- It has 46 classes.
- There are 126 OVC students in the whole school.
- CCBRT Hospital used to support OVC students (2001)

## **Problem Identification Cont.....**

- Only 21 OVC students were supported in the school.
- Increased number of OVC
  - HIV/AIDS problems
  - Social constraints
  - Economic constraints

## **Problem Statement**

- The problem of OVC seems to increase every year in the country.
- No plans are yet established by respective authorities to intervene the problem.
- Lack of care and support of OVC has great impact on the future generations as well as economy of the country.

## **Literature Review**

- According to World Vision report of 2004
- More than 13.4 million children under the age of 15 have lost their mother or father or both parents
  - Nearly 80 per cent of these orphans live in Sub-Saharan Africa
  - Number of double orphans alone in Africa is predicted to increase by 180 per cent from 1990 and reach a staggering 7.8 million by 2010
  - By 2010, the total number of children orphaned by HIV/AIDS is expected to double to 25 million

## **Literature Review cont....**

- HIV/AIDS generated more than 800,000 OVC (Axios, 2002)
- The plight of children orphaned and made vulnerable by HIV/AIDS continues to be a tragedy going largely unnoticed (World Vision, 2004 )

### **Projects/Initiatives**

- OVC and Education - Axios, 2002
- OVC and Community support - ITV, 2005
- Improve the capacity of community based responses for the care and support of 3000 OVC - ADRA, Tanzania, 2002
- Small community group program is providing funds for local level projects to increase completion rates for OVC in primary schools, EQUIP projects, Namibia (Gillies, 2005)

## **Methodology**

### **Methods used were:-**

- PRA – focus group discussions, In depth interviews with key informant (WAMLU and UPS teachers)
- Structured interviews - questionnaires
- Record review – from UPS and other sources

## Sample Size

Respondents	Sample size	% Distribution
Upendo Primary School Teachers	7	11.66
Upendo Primary School OVC students	42	70.00
WAMLU staff	3	5.00
Parents/Caregivers/Guardians/Relatives	8	13.34
Total	<b>60</b>	100.00

## Research Design

Combination of;

- Descriptive**- information on groups like WAMLU, and phenomena that already exist – OVC problems in UPS
- Experimental design** - to compare information given by teachers and OVC students and parents/caregivers/guardians.

## Data Processing and Analysis

- Content and Structural-Functional Analysis for Qualitative Data.**
  - Verbal discussions – generated themes and tendencies
- Quantitative Statistical Analysis**
  - Descriptive statistical- SPSS and MS-Excel.
  - frequencies, means and percentages for preparing statistical charts, graphs and tables

## Findings

### Households Size

- 52.4 % of OVC lived in household size ranging from 4 to 6 people
  - 42.8 % of OVC – 7 to 9
  - 4.8 % of OVC – 10 to 12
- ### School Attendance
- 83.3% of OVC student respondents attended whole week.

## Findings cont.....

### People living with OVC

- 61.9% of OVC student respondents were living with care givers/guardians
- 14.3% were living with their parents
- 23.8% of OVC respondents were living with their relatives
- 63% of guardians/caregivers were living with Girls OVC
- 60% of guardians/caregivers were living with Boys .

## Findings Cont.....

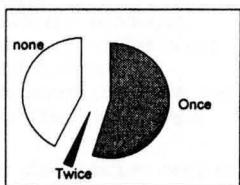

### Difference in School Performance

- 71.4% of respondent teachers agreed having these differences.
- Reasons** - lack of exercise books, pens, some OVC had no good relationship with their caregivers/guardians, psychological problems.

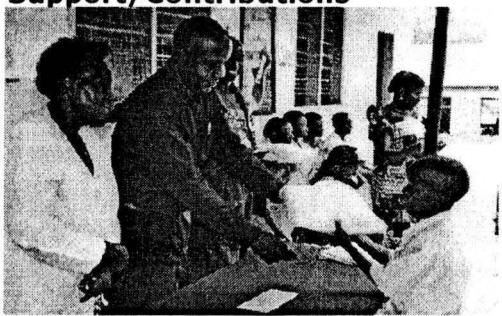

## **Findings Cont.....**

### **Support/ contributions**

- 54.8% of OVC respondent students - once
- 2.4% of OVC respondent student - twice
- 42.9% of OVC respondent student - none

## **Findings Cont.... Support/Contributions**

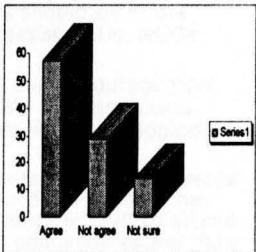

## **Findings cont.....**

### **Relationship btn**

#### **Income & Education**

- 57.1 % of respondent teachers agreed
- 28.6% of teacher-respondents did not agree
  - 14.1% were not sure of relationship

## **Findings cont.....**

### **Care and Support Initiatives of WAMLU**

- Bought 70 school desks
- Secure 68 Mosquito nets from Population Service International (PSI)
- Plan to prepare morning meals for OVC students, expected to be implemented from 2007

## **Findings Cont.....**

### **Community participation**

- There were no any support from the surrounding community
- Most of parents/caregivers/guardians had to take responsibilities of their OVC
- Community assumed OVC as family issues.

## **Findings cont.....**

### **Strategies to empower OVC parents/guardians/caregivers**

- 62% - establish SACCOS
- 25% - group project eg bread making
- 33% - support OVC direct

## **Conclusion**

- The impact of HIV/AIDS and economic constraints on children and families is too wide for any organization or body concerned with development to ignore, and too great for any single body to address them unilaterally.
- Community and other stakeholders need to participate
- OVC should be taken as community responsibility **NOT** family issue.

## **Recommendations**

- There were eleven recommendations made during the study.
- However, project focused on three recommendations.
  - Due to the capacity of the organization (WAMLU)and financial constraints

## **Recommendations cont....**

- Community members should be in the forefront to support/assist CBOs, NGOs which deal with OVC
- Psychosocial support and encouragement should be given to OVC in their studies because most of them are psychologically affected.
- Supporting OVC parents/guardians/parents economically will reduce the burden they have and give more room to OVC to attend and concentrate with education rather than being involved in petty businesses.

## **Implementation**

- OVC received 68 out of 126 mosquito nets from PSI
- Handing over 68 mosquito nets to OVC students
- Bought desks for school

## **Implementation cont.....**

## **Implementation Cont.....**

- To ensure WAMLU are empowered and provided with appropriate training for care and support of OVC.
- Training WAMLU staff to prepare funding proposal
  - Preparation of care and support training (Tentatively 2<sup>nd</sup> week of March, 2007)
  - Developed a proposal for supporting OVC students

## **Monitoring**

- Done continuously (Monthly)
- Kept track of activities based on the objectives of the project

## **Evaluation**

- How many OVC students benefited with support/contributions given during the project period.
- How many types of support/contributions received by WAMLU from various sources.
- How many training given to WAMLU staff in relation to care and support of OVC and other project issues
- How many strategies were developed and implemented by community members
- To be done end of February

## **Sustainability**

### **Community participation**

- Support/contributions (In kind / financially)
- "We feeling" (Commitment)

## **The End**

# Wanafunzi yatima wasaidiwa vyandarua 68 vya sh. 571,200

Na Godfrey Monyo

SHIRIKA lisilo la kiserikali la wanawake wa Mbezi Louis (WAMLU) Jijini Dar es Salaam, limetoa msaada wa vyandarua 68 vyenye thamani ya Sh. 571,200 kwa wanafunzi yatima wanaoishi katika mazingira magumu.

Mwenyekiti wa shirika hilo, Bi. Lois Kayumba alisema vyandarua hivyo ni kati ya 120 ambavyo waliomba kutoka shirika la Population Services International (PSI) na wamevikabidhi kwa wanafunzi 68 wa Shule ya Msingi Upendo ya Jijini.

Alisema vyandarua vingine 52 vilivyosalia vinatarajiwa kutolewa katika awamu ya pili.

Bi. Kayumba alisema kwa kushirikiana na mshauri wa wanafunzi hao, Bi. Naomi

Maketa ambaye ni mwanafunzi wa progamu za uchumi (CEO) watajithadi kuhakikisha watoto yatima wanaishi katika mazingira bora kama wengine.

Kwa upande wake, mkuu wa shule hiyo, Bi. Beth Boheri alisema msaada huo umekuja wakati muafaka kutokana na kuongezeka kwa wanafunzi wenye matatizo mbalimbali.

Alisema katika shule hiyo kuna wanafunzi 225 ambao ni yatima na wale wanoishi katika mazingira magumu na kwamba shule hiyo ni kati ya zile zinazotaa elimu jumuishi.

Alisema kutokana na shule hiyo kuwa na idadi kubwa ya wanafunzi wenye matatizo, wanalazimika kuomba misaada kwa watu mbalimbali ili kukidhi mahitaji ya wanafunzi hao.
