"Unless you try to do something beyond what you have already mastered, you will never grow."

-Ralph Waldo Emerson

To the Class of '98:

"Pride: Pride is a personal commitment, it is an attitude which separates excellence from mediocrity. - Go out and be excellent!!!"

-Ann Burgess

"Failure is success if we learn from it"

-William James

Pollian's points to ponder:

- 1. Don't feel that you have to know what you want to be when you grow up. Most of us wear many hats in our lifetime.*
- 2. Keep an open mind*
- 3. Listen more than you speak.*
- 4. Think globally.*
- 5. Welcome change.*
- 6. Success comes in many packages-not all have a dollar sign attached to the ribbon.*
- 7. Do what ever you do to the best of your ability-Help stamp out mediocrity.*
- 8. Try to find balance in your life-family, friends, and a significant other who accepts you as you are.*
- 9. Never stop learning.*
- 10. If you begin to believe that you know it all, refer to point #9.*

CHEERLEADING

The New Hampshire College Cheerleading Squad is comprised of 13 young women whose academic pursuits are varied. They include business, liberal arts, and the hospitality fields. The cheerleading team is made of one senior, seven juniors, two sophomores and three freshmen.

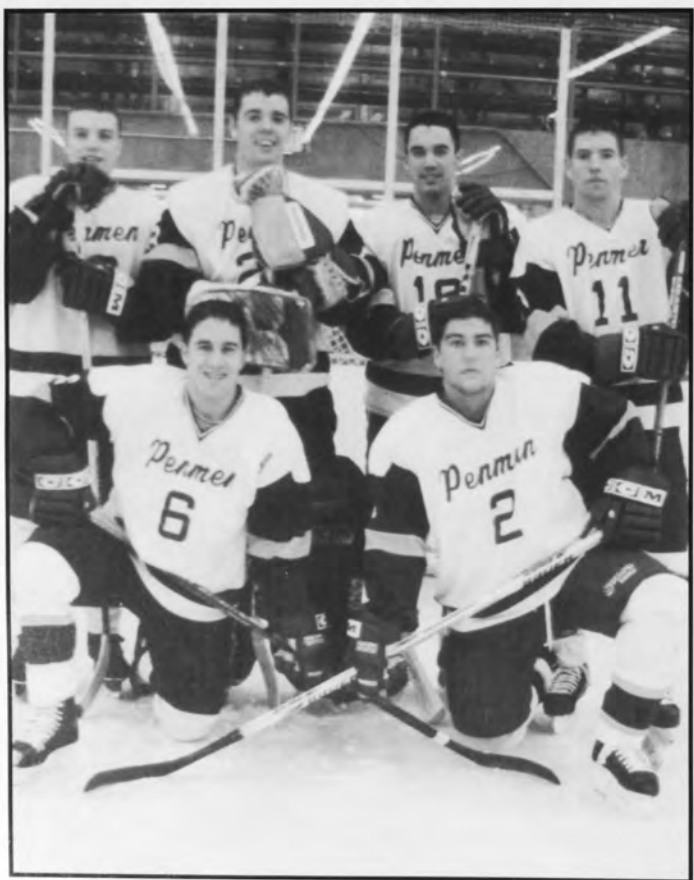

The young women of the New Hampshire College Cheerleading Squad have chosen to participate in the cheerleading program, pursue a college degree, and the majority of these students are highly involved in the campus community such as sororities, student government, tour guides, college ambassadors, to name a few. On December 6, 1997, the New Hampshire College Cheerleading Team captured first place in the small-all girl division of the Northeast Cheer and Dance Championship.

Team Members: J. Jenness, C. McMennamin, T. Turner, D. Gagnon, J. Marshall, J. Miles, E. Newton, A. Palluoto, A. Slattum, M. Smith, K. Stepno, J. Tavares, A. Wilson.
Coaches: K. Dudley and P. St. Hilaire

HOCKEY

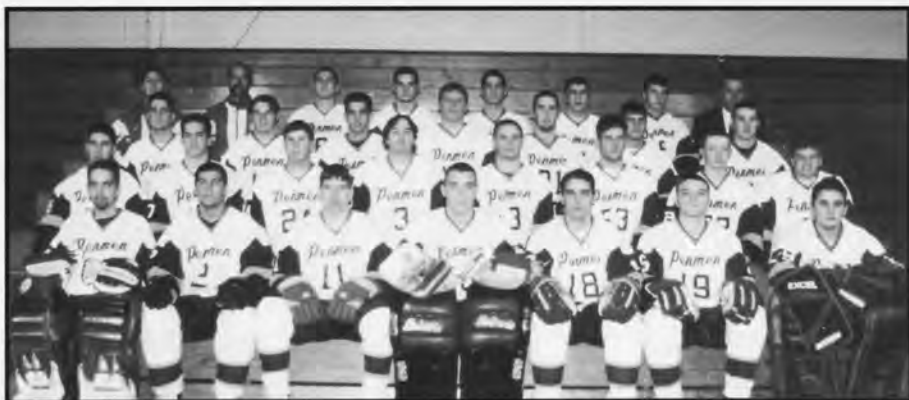

The New Hampshire College hockey team capped off a memorable 1997-1998 season by earning an at-large bid to the eight team ECAC North/Central/South championship tournament. It marked NHC's first playoff appearance since the 1989-1990 season.

The team's post-season appearance was short lived though, as the sixth-seeded Penmen lost a 4-2 decision to third-seeded Wentworth Tech in the opening round of the tournament. NHC closed out the year with a record of 14-9-1. The 14 wins were the most by the team since the 1985-86 season.

NHC won 11 of its final 15 regular season games and finished fourth in the competitive ECAC-Central with a 9-5 league mark. The ECAC-Central placed four teams in the tournament, including championship game participants St. Michael's College and UMass-Dartmouth.

Senior Nick Therrien and freshman Chuck Croteau paced an offense that averaged just under five goals a game. Therrien, a three-time ECAC-Central Player of the Week selection totaled a team-high 53 points (23 goals, 29 assists). Croteau, a six-time ECAC-Central Rookie of the Week pick, tallied a team-high 24 goals and ranked second in points with 50. It is the first time since 1985-86 season that two players have totaled 50 points in a season for NHC. Additional offensive production came from senior Jason Rayher. Rayher ranked second on the team in assists (27) and third in points (36).

Senior captain Jason Gosselin headed a defensive unit that limited 11 of its 24 opponents to three goals or less. Graduate student Brian Cole started 23 of 24 games in goal and posted a 3.96 goals against average. He stopped 24 shots in a mid-season win over ECAC tournament champion UMass-Dartmouth.

LACROSSE

The New Hampshire College Lacrosse Team closed out the 1998 season with a 3-9 record. The team's 22 player roster featured 13 newcomers and 10 freshman - many of which saw considerable playing time - leaving head coach Paul Calkins with a solid nucleus to rebuild the team around. Veteran Butch Howie paced the offense all season. He netted a season-high eight goals and also registered four assists in a 16-1 victory over Franklin Pierce College and netted seven goals in a 16-5 win over the University of New Haven. Senior Mike Potter totaled nine goals and 10 points, while classmate Tyler Leeds also registered 10 points (5 goals, 5 assists). Junior Jason Andrews, senior John Krause and freshman Shaun Sleeper headed up the backline. Andrews started every game for the third-straight year, while Krause started every game for his brief two-year career. Sleeper, who joined the team with no high school lacrosse experience, worked his way into the starting lineup and ended up starting nine of the final ten games.

The Penwomen posted a 2-14 mark in the New England Collegiate Conference. Senior Katie Palos, junior Sarah Wolstencroft and freshman Mandy Veilleux all turned in solid seasons. Palos appeared in all 18 games on the mound and also handled duties at first base. She posted a 4-11 record with two shutouts and ranked among the NECC leaders in earned run average (3.34) and strikeouts (69). Wolstencroft also saw double duty on the mound and at first base. She hit safely in 25 of 31 games and put together a pair of six-game hitting streaks during the season. She lined a season-high four hits in the 6-2 victory over Daniel Webster College and recorded eight multiple-hit games this spring.

MEN'S BASEBALL

The New Hampshire College baseball team closed out the 1998 season with a 17-17 overall record and a fifth-place showing in the New England Collegiate Conference (8-8). Despite winning 10 of their final 16 games, the Penmen were denied a bid to the four-team ECAC Division II Tournament. The Penmen averaged nearly seven runs a game and closed out the season with a school-record team batting average of .342. NHC also established school records for most doubles (59) and most homeruns (21) in a season. Senior Nick Xintaras closed out an outstanding four-year career. NHC's starting centerfielder each of the last four seasons, he hit .343 this spring and tied the school record for hits in a career (157) set by Jeff Kramer in 1996. Seniors Kevin Pinard, Jeff Weakes and Todd Shufelt also capped off their careers in fine fashion. Pinard drove in a team-high 27 runs. Weakes led the team in homeruns with 5. Shufelt led the pitching staff in appearances with 14 and posted a 3-1 record. Head Coach Bruce Joyce recorded his 150th win during the year and has posted a 155-174-2 record over his ten year career.

NEW HAMPSHIRE COLLEGE

Where The World Comes To Mind

President's Message

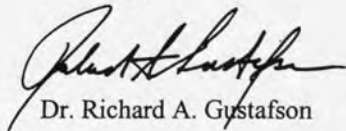

Congratulations to the Class of 1998!

I'm sure that before too long you'll look back on your college experience with wonder and more than a bit of nostalgia. In just a few short years you have become really independent and have matured significantly as a result of your New Hampshire College experience. Perhaps you even remember some of my remarks at Orientation when I urged you to have high expectations of yourself and others and to be persistent in the pursuit of your educational goals.

As with every new stage in life, your new level of achievement brings with it increased responsibility not only for your own future but for the future of others. Just as you have looked to your family and to the faculty and staff for guidance and support, others will now look to you for these same qualities. I am confident that your New Hampshire College degree will position you with strength for the next stage of life's journey.

I join the faculty, staff and the Board of Trustees in wishing you every success in your future endeavors. We have all witnessed your growth and development with a special pride and enthusiasm. As you leave New Hampshire College, know that you always have family here; family who care about you and your future endeavors. Please plan to return to the campus as alumni to share your success with us.

Sincerely,

Dr. Richard A. Gustafson

Graduation

On May 9, 1998, New Hampshire College celebrated its 66th Commencement with the class of 1998. The ceremony was started by Rev. Bruce Collard with the invocation. Next, SGA President, Chad L. Mason, addressed his fellow classmates for the last time. From there, the honorary degree reciprocants Selma R. Deitch and Water R. Peterson were acknowledged for their outstanding contributions to the community. Finally, President Gustafson welcomed all graduates to the Alumni family.

"New Hampshire College is a great place to work because the students who attend here make it all so worthwhile. Working in a college environment and watching students grow during their college career is very rewarding. To the 1998 graduating class -- my very best to all of you!!!"

- Polly St. Hilaire
Associate Director of Admissions

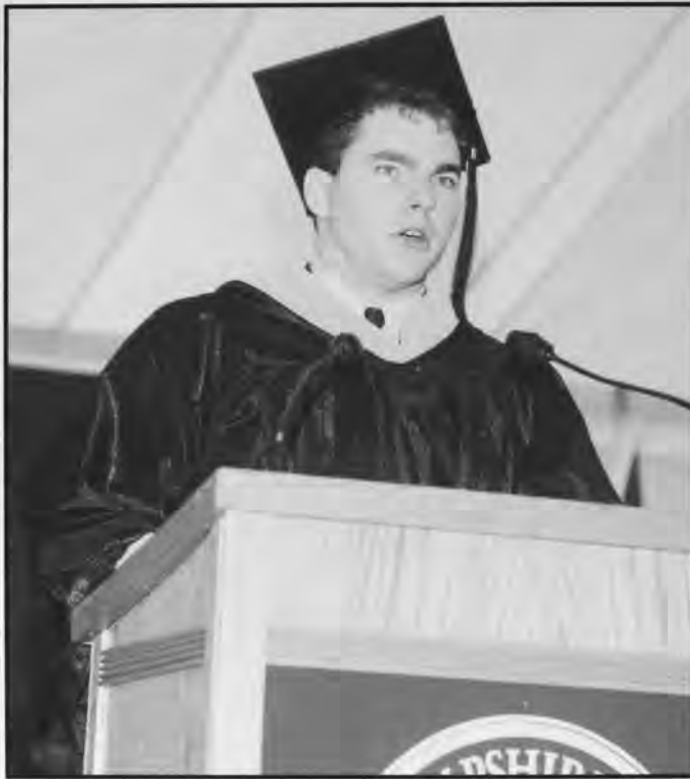

Graduation Speech

May 9, 1998

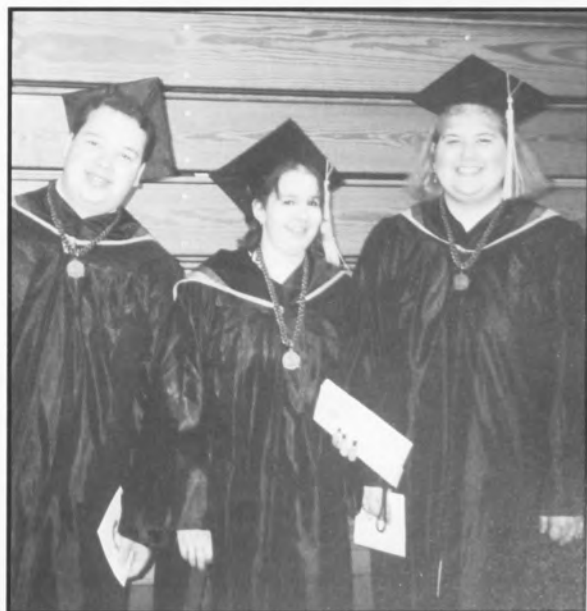

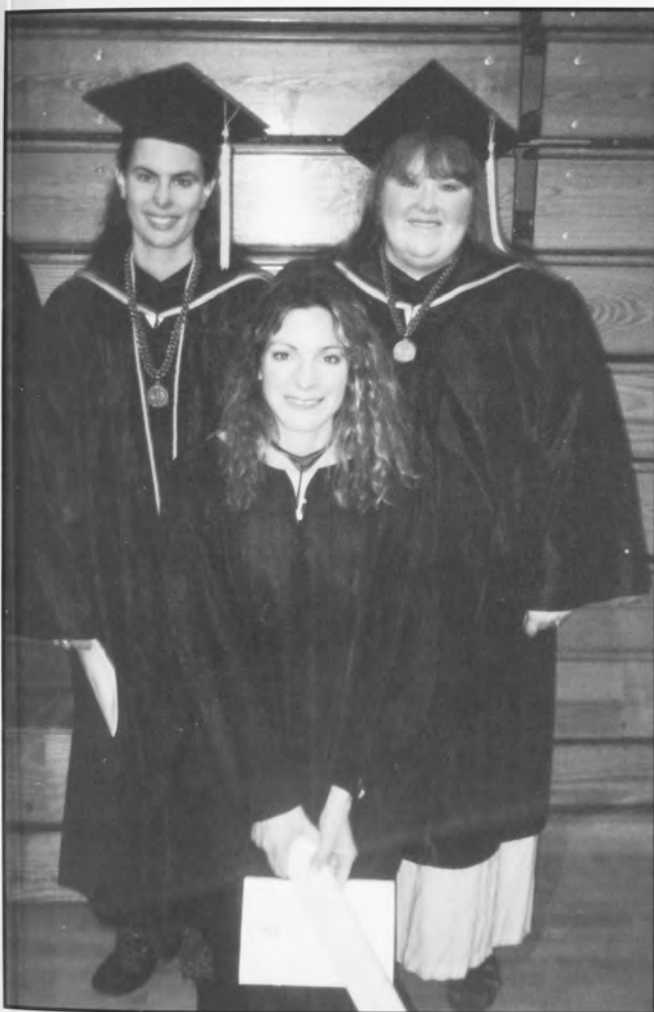

Chad Mason

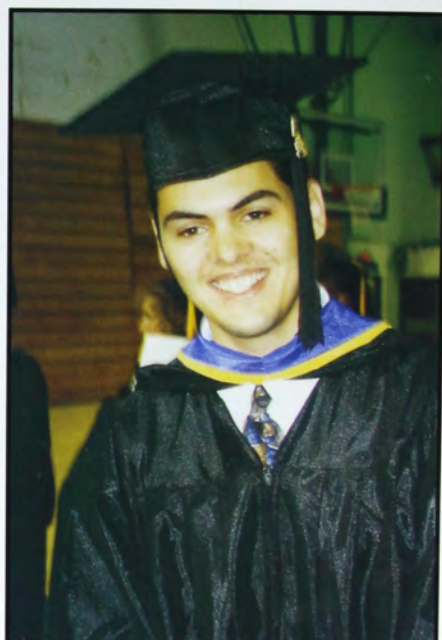

SGA President 1997-1998

Thank You...and a special Thank You to my family, friends, and especially the class of 1998. It's a day early, but Happy Mother's Day Mom, and to all the other mothers here today. I would also like to give a special thank you to Hodge, Pottsy, J.K., Tucker, Smirles, Gian Martin, and Ray Prouty. Without these people I would not be here today standing with the class of 1998. These last four years have been the best of times and at the same time been the worst of times. But as we leave New Hampshire College today it is important not to forget the past while living today and imagining the future. Four years ago we came to NHC as scared freshmen waiting to go home. For some of us we learned how to do laundry all on our own...for others it was a chance to get away from home...for some it was a chance to get away from home... But looking back at what the college experience was like... the late night snowball fight... the BBQ's that served the not-so-healthy food... Blackwell dunking... rarely seeing cans in the quad on Saturday... trips to Montreal... Waterloo... the opposing team winning... The Spice Girls kicking the borrowing nachos from the dining hall... over people at the library... the ceiling above us... And what about the Mighty Bosstones... Smirles... THE snowball fight... the endless amount of fire alarm drills... the fire alarm that let you create your own... The Chris Hodgson mudsliding at Steele Hill... the events and happenings that have defined who we are today and how we have today... and will continue to believe that with the event that we went on that we still have today, it is time to leave NHC with diploma in hand. For some of us that is a scary a thought, it was only yesterday that we came here waiting to go home... and now that the day is finally upon us to leave... we wouldn't mind taking a little bit longer before we enter the "REAL" world. I am confident in saying that NHC has prepared us well for what lies ahead in the future. What the future holds for each and every one of us is still to be determined but just like we succeeded in the past... and here at college... WE THE CLASS OF 1998 WILL SUCCEED in the future. As I look into the audience I see promising entrepreneurs, CEO's and the future president of the United States... she just winked at me... but above that I see good people who have made the most of every situation and will continue to make the most out of their life and the lives of others around them. Good luck to the class of 1998, make a mark on the world, and continue to represent NHC with the pride that you have shown through the first four years. And in the words of Billy Madison, "Ya for Me ... Ya for school."

Thank You

Many Students of NHC have shared the privilege of working with Prof. George Teloian. The celebrated Professor has been teaching at NHC for 35 years, gaining the respect from all he has associated with. Prof. Teloian has acted as an excellent resource for alumni and current students setting them up with high profile internships and job placements. Upon retirement, George Teloian will enjoy some much earned rest and relaxation and a chance to spend quality time with his family. New Hampshire College thanks Prof. George Teloian for his outstanding service over the years and will miss him greatly. Good Luck and stay in touch.

Patricia A. Spirou, assistant professor of marketing was one of this year's recipients of the New Hampshire College Excellence in Teaching Award. Professor Spirou joined the New Hampshire College marketing faculty in 1993 after a successful career as a consultant, chief executive, marketing vice president and small business owner. In addition to her teaching she is currently pursuing her doctorate in marketing, is development committee chair of the National Kidney Foundation of New Hampshire, and is president of the state chapter of the Hugh O'Brien Leadership Organization.

Don't Quit

When things go wrong
As they sometimes will,
When the
road you're trudging
Seems all uphill,
When the funds are low
And the debts are high,
And you want to smile
But you have to sigh,
When care is pressing you
down a bit,
Rest if you must
But don't you quit.
Life is queer
with its twists and turns,
As every one of us
sometimes learns,
And many a
failure turns about,
When you might have won
had you stuck it out.
Don't give up,
though the pace
seems slow—
You may succeed with
another blow.
Success is failure turned
inside out—
The silver tint of the
clouds of doubt.
And you never can tell
how close you are;
It may be near
When it seems so far.
So stick to the fight
When you're hardest hit—
It's when things seem
worst that you must not quit.
