LIST OF APPENDICES

Appendix A:

Need assessment

Direct Ranking and reasons by Yombo Kilakala Community members (28) in Vituka ward.

| Prob | lem | Rank/ | % | Reasons for the result |
|------|------------------------------|----------|-----|--|
| | | Position | | |
| 1. | Need for dispensary | 24 | 86% | Community can afford slowly with the resources available. A need to reduce women work load and reduction of mortality rate. |
| 2. | Need for road maintenance | 2 | 7% | Too expensive for the community to afford, although it is a need. |
| 3. | Need of water distribution | 2 | 7% | It is a need but at present can get water from the neighboring reservoirs |
| 4. | Need for Nursery school | 0 | 0% | This is a need but will be developed later. They begin with most pressing need. |

Southern New Hampshire University 2500 North River Road Manchester, NH 03106

Community Economic Development Program

September 15, 2005

To Whom It May Concern:

Dear Sir or Madam,

LETTER OF INTRODUCTION

This is to attest that the bearer of this letter, Ms. Jocelyne Lucas, is a student in the Master of Science in Community Economic Development program. It is offered in partnership between Southern New Hampshire University of USA and the Open University of Tanzania.

As part of fulfilling her course requirements, she is required to collect information for her project, by working closely with a community-based organization for the duration of her course.

Knowing that your organization is community based, we believe that you will be of assistance in providing relevant information. We would like to assure you that the information will be used for academic purposes only.

In case of further clarification, please contact us.

Your assistance is highly appreciated.

Thank you,

Sincerely,

for Rukia Masasi

Coordinator, CED Program

IMPROVEMENT OF COMMUNITY HEALTH CARE AT YOMBO VITUKA WARD

Case Study: YOKIDA CBO

Author: Jocelyne David Lucas 10th January 2007

Outline

- Introduction
- · Problem identified
- · Research Methodology
- Empirical findings, analysis and implications
- · Implementation
- · Monitoring and Evaluation
- · sustainability
- Conclusion

Introduction

Yombo Kilakala Development Association(YOKIDA) was established to improve living standard of the people through poverty reduction. The target group are the people living in Yombo Vituka Ward.

Problem identified

The need of community dispensary at Yombo Vituka ward is a major community concern.

The area is faced by:

- diseases like malaria, cholera, AIDS and measles.
- long distance walk to Temeke Hospital.
- poor sanitation in the area.

Research Methodology

The sample size selected is 150 people which is 10% of the 1,506 total population in the Kilakala street lane.

The response rate is 150/200x100=75%

Methods used in data collection

- Interview
- Observation
- · Documentary review
- Questionnaire
- YOKIDA meetings

Empirical Findings, Analysis and Implications by Statistical Package for Social Science (SPSS)

Economic Activities in the area

| | Number of Respondents | | | |
|----------------|-----------------------|-------------|--------------|--|
| Response | Men 69 | Women 81 | Total 150 | |
| Petty Business | 34.8% | 36.7% | 45.3% | |
| Farming | 52.2% | 25.9% | 38 % | |
| Others | 13.% | 19.8% | 16.7% | |

Implication

- Major economic activities is petty business and farming to those who have farms outside the area like Mbande and Vikindu, resulting to poor financial contribution towards community projects.
- And those who are in other business are very few to enhance contribution of the community projects

Major Problems Facing Yombo Vituka Ward

| Response | Number of Respondents | | |
|--|--------------------------|-------|-------|
| • | Men | Women | Total |
| | 69 | 81 | 150 |
| Disease found in the area E.g., Malaria, cholera, Aids and Measles | 29% | 18.5% | 23.3% |
| Long Distance walk to Temeke District Hospital | 53.6% | 50.6% | 52% |
| Poor sanitation in the area | 17.4% | 30.9% | 24.7% |

Implication

- Long distance walk to Temeke District Hospital is a leading problem, for the vulnerable group are children and pregnant women who can not walk for long distance to health services.
- Poor sanitation is a another cause due to poor disposal of garbage & poor drainage of dirty water. In line with diseases found in the area.

Willingness of Participation in construction of the Dispensary

| Response | Number of respondents | | | |
|--------------|-----------------------|-------------|--------------|--|
| • | Men 69 | Women 81 | Total 150 | |
| Yes | 94.2 % | 100% | 97.3% | |
| No | 0% | 0% | 0% | |
| I don't Know | 5.8% | 0% | 2.7% | |

Implication

- The respondents agreed that community participation is important & should be encouraged by the CBO leaders in order to ensure the dispensary is constructed.
- For those who do not know anything is because have just moved in so are new to the area

Impact of CBO on Sanitation and health

| Response | | Number of Respondents | | | |
|------------|-----------|--------------------------|-------|--|--|
| | Men 69 | Women Tota 81 150 | | | |
| Yes | 98.6% | 95.1% | 96.7% | | |
| No | 0% | 0% | 0% | | |
| Don't Know | 1.4% | 2.7% | 3.3% | | |

Implication

- Primary health care committee mobilized on the need of keeping clean environment & education, on the purpose of disease prevention. Hence, there was decrease of mosquito breeding in the area and diarrhea cases.
- Those who do not know, are not used to attend the meetings, it just happen that day were there.

Implementation

- -Creation of community awareness on the problem faced.
- Training community on prevention of diseases and keeping clean environments.
- diseases and keeping clean environments
 -Distribution of IEC materials such as leaflets.
- -Resource mobilization of community dispensary construction.
- -Proper disposal of garbage and fill in potholes.

Monitoring

To supervise that;

- -150 people will be trained.
- -150 brochures are to be distributed.
- garbage disposals to be created.
- -Resource mobilization plan to be accomplished.
- -construction of the dispensary under plan.

Evaluation:

- -To see the achievement and impact.
- -150 people were trained on prevention of diseases and keeping clean environment.
- -150 brochures were distributed.
- garbage disposals were created in each household.
- -Reduction of mosquito breeding areas.
- -Uses of mosquito nets and boiled water.
- -Dispensary is under construction as planned.

Sustainability:

The dispensary will be jointly owned with community people and the government;

- The community will be involved in taking care of its own dispensary
- The government will provide staff ,Salaries and medical kit.

Conclusion

- Availability of dispensary and improvement of sanitation will lead to improved health service and health education will be easily provided.
- People will be encouraged to adhere to good hygiene and sanitation practices.
- People have improved health due to easy accessible health care.

Appendix H: SECTION 1: Questionnaires

Questionnaires: Designed for the community members of Yombo Vituka

- 1. Name
- 2. Sex: 1-male. 2-female. 3-bisexual
- 3. What is the highest level of education that you achieved?
- 1- Primary. 2- secondary. 3-tertiary.4- informal educations
- 4. Age:
- 1. between 18-25
- 2. Between 26-33
- 3. between 34-41
- 4. between 42-49
- 5. Between 50and above
- 5. Maritual status
- 1- Single
- 2- Married
- 3- Divorced
- 4- Widow
- 5- Separated
- 6. How many children do you have?
- 1- Between 1-2
- 2- Between 3-4
- 3- Between 5-6

5- none 7. What are the major problems facing your area? 1- Diseases found in the area. 2- Long distance walks to Temeke District Hospital and Malawi dispensary. 3- Poor sanitation in the area. 8. What are the economic activities in the area? 1- Petty business 2-Subsistance cultivation 3- Others 9- What is the distance walk to Temeke District Hospital and Malawi dispensary? 1- One kilometer 2- One and a half kilometer. 3- Two kilometers. 10- What are the major diseases reported in Temeke District Hospital found in Yombo Vituka Ward? 1- Malaria. 2- Cholera .3-HIV/AIDS .4- Measles fever. 11- What diseases is the community most concerned about?

1- Malaria. 2- Cholera .3-HIV/AIDS. 4- Measles fever.

1- First aid. 2- Mobile clinic. 3- dispensary 4- none.

12- What kind of health services available in your ward?

13- Are the services sufficient to cater for the existing population?

4- Between 7 and above

- 1- No. 2- yes .3- Do not know.
- 14- Does community participation in construction of the dispensary work?
- 1- Yes. 2- no. 3- Do not know
- 15- Do you face any problems in the construction of the dispensary?
- 1- Lack of money
- 2- Poor participation
- 3- No any problem
- 16-Do you think is important sending your children and other members of the family to the constructed dispensary in case they get sick?
- 1- Yes . 2- no . 3- Do not know
- 17- What are the ways to improve sanitation in the area?
- 1- Sensitization to community on keeping clean environment.
- 2- Educating the community on prevention of diseases.
- 3- Distribution of IEC material.
- 18- Are you aware of YOKIDA CBO?
- 1- Yes. 2- No .3- Do not know.
- 19- What impact has the CBO on sanitation and health achieved?
- 1- Yes .2- no .3- Do not know.

SECTION 2

Questionnaires: Designed for CBO leaders

- 1. Name
- 2. Sex: 1-male. 2- female .3- bisexual
- 3. What is the highest level of education that you achieved?
- 1- Primary. 2- secondary. 3-tertiary.4- informal educations
- 4. Age:
- 1. Between 18-25
- 2.Between 26-33
- 3. Between 34-41
- 4. Between 42-49
- 5.Between 50and above

5. Maritual status

- 1- Single
- 2- Married
- 3- Divorced
- 4- Widow
- 5- Separated
- 6. How many children do you have?
- 1- Between 1-2
- 2- Between 3-4

- 3- Between 5-6 4- Between 7and above 5- None 7. What are the major problems facing your area? 1- Diseases found in the area. 2- Long distance walks to Temeke District Hospital and Malawi dispensary. 3- Poor sanitation in the area. 8. What are the economic activities in the area? 1- Petty business 2- Farming 3- Others 9. What is the distance walk to Temeke District Hospital and Malawi dispensary? 1- One kilometer
- 2- One and a half kilometer.
- 3- Two kilometers.
- 10. What are the major diseases reported in Temeke District Hospital found in

Yombo Vituka Ward?

- 1- Malaria. 2- Cholera .3-HIV/AIDS .4- Measles fever.
- 11. What diseases is the community most concerned about?
- 1- Malaria. 2- Cholera .3-HIV/AIDS. 4- Measles fever.
- 12. What kind of health services available in your ward?
- 1- First aid. 2- Mobile clinic. 3- Dispensary 4- none.

- 13. Are the services sufficient to cater for the existing population?
- 1- No. 2- yes .3- Do not know.
- 14. Does community participation in construction of the dispensary work?
- 1- Yes. 2- no. 3- Do not know
- 15. Do you face any problems in the construction of the dispensary?
- 1- Lack of money
- 2- Poor participation
- 3- No any problem
- 16.Do you think is important sending your children and other members of the family to the constructed dispensary in case they get sick?
- 1- Yes .2- no. 3- Do not know
- 17. What are the ways to improve sanitation in the area?
- 1- Sensitization to community on keeping clean environment.
- 2- Educating the community on prevention of diseases.
- 3- Distribution of IEC material.
- 18. Are you aware of YOKIDA CBO?
- 1- Yes. 2- No .3- Do not know.
- 19. What impact has the CBO on sanitation and health achieved?
- 1- Yes .2- no .3- Do not know.

SECTION 3

| Questionnaires | Designed | for the | Districts | officials |
|----------------|----------|---------|------------------|-----------|
|----------------|----------|---------|------------------|-----------|

| 1. Name | • | • | ••••• |
|----------------|---|---|-------|
| 2.5 | | | |
| 2. Designation | | | |

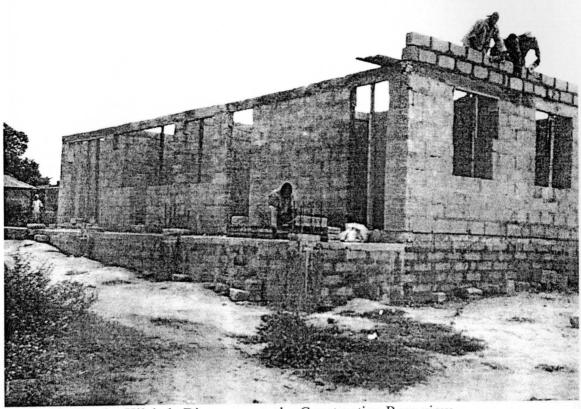

- 3. Generally YOKIDA CBO is attached to your office
 - What are the achievements, since the outset of YOKIDA CBO?
 - How did you handle the major problems of Yombo Vituka?
 - How is your office involving in the process of resources mobilization,
 planning and implementing, village self help projects under the YOKIDA
 CBO?
 - What are the problems facing village project's under CBO?
 - How are the problems being solved and how long did it take to solve them?
 - Is the formation of CBO a solution to the community problems?
