21st Century Youth Leadership Movement

Dear Malika

I am formally requesting to begin a New York City chapter of 21st Century Youth Leadership Movement. I am putting together a formal advisory council that will help me executive the goals of 21st Century in the New York City area. Because of this I am not sure if we want to apply for our own 510©3. In order to complete the Chapter/Affiliate Application I checked that we would not apply to become incorporated but that may change.

The advisory board will comprise of both adults and youth and I would love your help in attracting some potential members. We have had some informal conversations about individuals you feel could move this forward. I would appreciate it if you could make an introductory phone call and forward me their phone numbers so I can set up a meeting with them.

Let us stay in touch because this is going to be a busy year. Call and let me know they next time you are in town so we can set up a meeting.

Sincerely yours

Akilah Watkins
