VOL. VII

MARCH 1958

H. A. B. Shapiro, C.P.A.
Founder-Headmaster
1932-1952

New Hampshire School of Accounting and Commerce, was founded in 1932 to provide Northern New England with a College that would fully meet the needs of the growing business communities. Located in Manchester, New Hampshire's largest industrial city, the College has been able to provide superior training in Accounting, Business Administration, and Secretarial Science for ambitious and intelligent young men and women.

The New Hampshire School of Accounting and Commerce recently changed its name to the New Hampshire College of Accounting and Commerce to indicate more clearly the type of training it provides for its students.

NEW HAMPSHIRE COLLEGE OF ACCOUNTING AND COMMERCE PLAN

NHCAC offers one-year and two-year courses in Secretarial, Accounting, Business Administration, and allied subjects. The course of study is mapped out according to the student's needs and aptitudes, with due consideration to the best opportunities for employment. The quiet atmosphere of the school, as well as the laboratory and lecture method of instruction, is conducive to individual attention and individual progress—the rate of progress depending upon the initiative, ability, and application of the student.

NHCAC instructors have college and university degrees with years of teaching experience; but fully as important, is their training in the business world. They must have practical business backgrounds in all of the courses which they teach. A representative of the State Department of Education has stated that he was quite pleased that a business college would insist on such high scholastic attainment from its instructors.

NHCAC graduates are Certified Public Accountants, Public Accountants, Senior and Junior Accountants, Internal Revenue Agents, Stenographers, Secretaries, Bookkeepers, and Executive Assistants. Many of our young men and women are employed in Civil Service.

NHCAC was the first business school in the state to be approved for veterans education, and the college is also approved by the State Board of Education for the rehabilitation training of handicapped students. NHCAC is a member of the National Council of Business Schools and is also affiliated with the Speedwriting School of New York.

Success in our modern society without specialized training is becoming more problematical. Business training enables one to get a better position with larger earnings, and forms an extraordinarily useful equipment for the attainment of a high place in industry and general business.

LOCATION

The College, centrally located at 88 Hanover Street, occupies the entire second floor of the Athens Building. It is within walking distance of the Manchester City Library, the Currier Gallery of Art,

the Institute of Arts and Sciences, the N. H. Historical Society, the Young Men's Christian Association, the Young Women's Christian Association, the Hampshire House, and the State Armory.

GUIDANCE

The New Hampshire College of Accounting and Commerce maintains a strong and efficient Personnel and Guidance Department under the direct supervision of Mr. George M. McElroy, who is head of the Manchester Probation Department. During the college year, each student is invited to call on the President of the College, Mrs. Harry Shapiro, or the Guidance Department at any time he needs advice or counseling.

PLACEMENT SERVICE

One of the most important questions in the minds of the prospective student is whether or not he will be able to secure a position after completing his course. Year after year we have been able to "boast" of nearly 100 percent placement records. Our placement department offers our students every assistance possible in finding and securing satisfactory positions in Manchester, in the student's own communities, or anywhere he wishes to settle and obtain employment. This service is free to both old and new graduates.

Because of the outstanding record NHCAC students have made, the college is justly referred to as, "The College of Successful Graduates."

SOCIAL AND RECREATIONAL PROGRAM

Students are encouraged to participate in a healthy social life during their term of study. Supervised dances and other recreational facilities are available. The friends you make at college form an important part of your education and many of these friendships endure for a lifetime.

The social activities program is under the direction of the student body and many formal and informal parties are held throughout the school year. These include a Halloween party, parties at Thanksgiving and at Christmas, a Spring Prom, and a Banquet in conjunction with graduation exercises. Of interest to many are the co-ed bowling teams, and the men's basketball and baseball teams.

Each year class officers are elected to represent the student body and committees are appointed to arrange the various functions. Class meetings are held monthly.

STUDENT GOVERNMENT

Student Government acts as a liaison group between the administration and the student body. It is a practical organization primarily concerned with promoting the general welfare and interests of all undergraduates. Student Government is the strongest and most influential organization in the College. It cooperates in planning, executing, and supervising the social programs of the College. At regular meetings, the members meet with representatives of the faculty to discuss policies, make suggestions, and consider student problems.

Student Government is composed of one member from the administration, one member from the faculty, the class officers, and two members from each class.

SCHOLARSHIP AND GRANTS

H. A. B. Shapiro Scholarship—a full school year's tuition scholarship in memory of Mr. Harry A. B. Shapiro, B.B.A., C.P.A., the late founder and headmaster of NHCAC. The scholarship is open to all high school graduates and will be awarded annually on general scholarship, aptitude for business, and need for assistance. Each applicant must be recommended by the principal of his high school. Students of all high school curricula are eligible. The applicant must attain the highest grade on a competitive test which is to be given under the supervision of Mr. George McElroy. The H. A. B. Shapiro Scholarship is registered with the National Association and Council of Business Schools.

PART-TIME EMPLOYMENT

Every year many of the students have the opportunity to defray their expenses through part-time employment, which the placement department helps secure for those who need assistance. We strongly advise students not to do more outside work than is absolutely necessary.

AWAY FROM HOME

Students may reside with relatives or friends; in private homes approved by the Registrar; or they may live at the dormitories of the Young Men's Christian Association, the Young Women's Christian Association, or the Hampshire House—all of which are located

near the College. Many students elect our home-residence plan, under which they do light housework in exchange for their board, room and a small salary.

HOMEWORK

Home study is required. Two factors, the course and the student, determine the amount of time required for home study. Classrooms are open every afternoon until 4:30 P.M. for supervised study.

GRADUATION

Diplomas:

Diplomas are granted upon the satisfactory completion of the following programs: Senior Accounting and Business Administration, Junior Accounting, Senior Bookkeeping, Executive Secretarial, Legal Secretarial, Secretarial, and Stenographic, for Day School Courses; Advanced Accounting and Shorthand-Accounting for Evening School Courses.

Certificates:

Certificates are awarded for recognition of work completed in both the day and evening schools.

Honors:

New Hampshire College of Accounting and Commerce Gold Keys are awarded annually to the outstanding scholastic honor students completing the Senior Accounting and Business Administration, the Executive Secretarial, the Legal Secretarial, or the Advanced Accounting Courses.

FACILITIES

New Hampshire College of Accounting and Commerce has large, airy, well-lighted modern classrooms. Classrooms are provided for accounting, stenography, and business administration courses. There are office machine rooms, and two rooms for instruction in typewriting which include both the manual and electric typewriters. The college is equipped with tape recorders for use in the teaching of stenography, public speaking and rhythm typewriting courses; also a Bell and Howell movie projector and screen for the visual aids programs.

Students are encouraged to visit with the President, Mrs. Harry Shapiro, for counseling and guidance.

DAY DIVISION

ACCOUNTING

Specialization consists in the development of one's abilities in a specific branch of a vocational field. Within the field of business, the largest of all vocational fields, accounting is the one in which a comprehensive knowledge of the entire business can best be obtained. It is often referred to as "the language of business."

Accounting is a growing field that offers excellent opportunities for ambitious young men and women to obtain executive positions in industry and in Civil Service. It trains the student for public and private accounting, for Government Accounting, for Income Tax and Internal Revenue problems, for Cost Accounting and for Auditing procedures.

Accounting, with allied Business subjects, prepares for positions in selling, in management, and as comptrollers, or bank executives.

The Accounting Program at NHCAC is the basis of a Certified Public Accounting Certificate.

EXECUTIVE SECRETARIAL

The executive Secretarial Course equips young women for the more responsible, as well as the more specialized types of positions which demand highly skilled training in our competitive modern business. The work of the executive secretary is unusually pleasant and well-paid. She is the executive's most valued assistant, often taking care of his private as well as his business affairs. She makes appointments for her employer, interviews all callers, handles the personal financial records, and transcribes confidential reports.

The Executive Secretary is not only an expert Stenographer, but should be able to compose and dictate letters and to delegate responsibility. It is often her duty to take care of the employer's personal bookkeeping and the control of his private business ledger.

The Executive Secretarial program at NHCAC is the basis of a Certified Professional Secretaries Certificate.

Secretarial students learn business procedures on field trips to local banks and offices.

EVENING DIVISION

Our Evening School provides an opportunity for men and women to get professional and vocational training for the business office, or for Federal, State, or Municipal Government employment. Business Training helps you manage your own business and personal affairs.

Students who enter our Evening Division will not only enjoy association with capable teachers and interesting fellow-students, but will find their investment in spare time very profitable.

Managers are constantly calling for trained office workers, and those who prepare for these openings will be ready for advancement when changes occur.

Young people cannot afford to stop studying to acquire a working knowledge of the new professional accounting concepts. They must know government requirements for computing and recording payrolls, and for making the required State and Federal Tax returns, if they hope to compete with trained workers.

Graduates are finding satisfactory careers in banks; in insurance companies; in private industries; and in state and Federal government employment, both locally and in Washington.

The evening courses in shorthand, accounting, payrolls and taxes, and allied subjects have the same content as our Day Courses. Students enjoy the same college or university-trained instructors who teach in the Day School.

Business Training gives an excellent background for good positions. It provides the training that enables you to answer the employer's question, "What can you DO?"

More than half—some sixty per cent—of the nation's educated men and women in this country today are in business. That, in itself, is one justification for calling Business today's foremost profession. We recommend it to you as interesting and also worthwhile.

EVENING DIVISION PROGRAM

COURSES OFFERED

ADVANCED ACCOUNTING—Maximum 5 years;
 SHORTHAND ACCOUNTING—Maximum 4 years;
 SHORTHAND—Maximum 2½ years;
 CLERICAL MACHINES—Maximum 2½ years;
 SPEEDWRITING SHORTHAND—Approximately 14 weeks.

SUMMER SCHOOL

The summer school program is under the direct supervision of the regular teaching staff. The classes are small and accelerated, therefore, six or eight weeks of summer school training will give you a head start in the Fall if you plan to further your EDUCATION in Business subjects, or if you just want a working knowledge of typing, accounting, or shorthand.

One of the most popular courses offered at the college in the summer program is the teen-age typing course. This program is open to all students. Typewriting is scientifically taught with Voice-O-Matic Tapes. Special classes in accounting, shorthand, typewriting, and office machines will be arranged to meet your needs. All subjects taken can be applied toward credit for a NHCAC diploma.

A request for a personal interview or for an application blank should be addressed to Summer School, New Hampshire College of Accounting and Commerce, 88 Hanover Street, Manchester, New Hampshire.

SUMMER SCHOOL PROGRAM

Choose One or More of the Following Subjects

Special Typewriting Course

Typewriting I (2 periods per day)

Rhythm Typing scientifically taught with Voice-O-Matic Tapes. An elementary course in beginning typewriting and is open to anyone interested in learning typewriting for personal use or business.

Speedwriting Shorthand

The primary purpose of Speedwriting Shorthand is to teach a shorthand that can be easily mastered in one summer; and at the same time one that fully meets the needs of business dictation. The course also includes Life-Time placement service, Life-Time Free Brush-Up courses and Free transfer privileges at 450 Speedwriting schools.

Accounting

	Credit
Accounting I (Introductory)	8
Accounting II (Elementary)	4
*Accounting III (Payroll and Social Security)	1½
Accounting IV (Principles)	8
Accounting V (Intermediate)	8
Accounting VI (Advanced)	8
Accounting VII (Systems)	8

* The College reserves the right not to give a course if there is not a sufficient number of interested students.

Shorthand and Typing

	Credit
Dictaphone Practice and Transcription	1
Shorthand I (Gregg Simplified)	2
Shorthand II (Gregg Simplified) Dictation 60-80	3
Shorthand III (Gregg Simplified) Dictation 80-100	3
Typewriting I (Theory and 40 w.p.m.)	1
Typewriting II 40-50 w.p.m., Letter-writing, Tabulations and Business Forms	2

Special Office Machines Course

For students and teachers who want a working knowledge of various office machines, a special summer course can be arranged to learn the Comptometer, ten key adding machine, full bank adding machine, mimeoscope and mimeograph, calculator, bookkeeping machine and dictaphone practice. Typewriting can be included as a part of the course.

A student will have a chance to become an expert operator in any specific machine he desires.

WHAT THE SUBJECTS COVER

ACCOUNTING

Accounting I and II—Elementary (Theory and Executive)

No previous knowledge of bookkeeping required. Executive accounting defines accounting objectives and gives the fundamental principles of accounting, including functions and classification of accounts with laboratory practice in the art of recording processes, journal entries, posting to the ledger, controlling accounts, depreciation and reserve accounts, adjusting entries, work sheets, and construction, and interpretation of financial statements. The use of and the filing of each copy of all forms from which the accounting records are made is fully illustrated and taught.

Accounting III—Payroll Accounting

A study of the complete Social Security Laws and preparation of tax returns for the Payroll Department. Old Age; Federal and State Unemployment; Wage and Hours law; Workman's Compensation Insurance; Federal Income Tax Withholding provisions.

Accounting IV—Accounting Principles

Partnership and corporation accounting. Accounting for capital stock transactions, bond issues, surplus, and dividends. A Voucher System and accounts used in a manufacturing business. Adjustments and financial statements for corporate enterprises. The use of special columns in books of original entry to reduce labor and increase accuracy. Analysis of financial statements and accounting aids to management.

Accounting V and VI—Intermediate and Advanced Accounting

An advanced course in accounting theory and practice as recommended by the American Institute of Accountants. Analysis and interpretation of financial statements and related matters. Working and fixed capital analysis; ratios; income account analysis; receiverships; installment and consignment sales and branch accounting; consolidated balance sheets and operating statements for holding companies and subsidiaries; mergers, estates and trusts, budgets; foreign exchange accounting and CPA problems.

Accounting VII—Constructive Accounting (System Building)

Classification of accounts and planning, designing, and installation of accounting systems. Illustrative systems for use of machines, showing forms and procedures for specific types of business. Methods for internal check and accounting control. Definite procedures, reports and manuals.

Accounting VIII—Cost Accounting

A complete semester course of study of cost accounting for management control and cost methods for manufacturing, distribution and service operations. Cost controlling accounts and subsidiary records. Cost of materials, labor and overhead by departments and by units, including inventory and payroll records. Overhead budgets. Job order and process cost sets. Standard costs. At least Accounting I and II should be completed before entering this class.

Accounting IX—Income Taxes

The Federal Income Tax Law and Regulations covering taxable income, inclusions and exclusions, allowable deductions, bases of determining gain or loss, capital gains and losses, and rates of surtax and normal tax. Practical problems and preparation of personal, partnership, corporation and estate returns. C. P. A. questions and problems.

Accounting X—Auditing

An extensive course in the duties and responsibilities of an auditor. Training in auditing; kinds of audits, audit programs, audit working papers, financial statements, and audit reports. C. P. A. problems in auditing.

BUSINESS ADMINISTRATION

Business Administration I—Advertising

Advertising in business, psychology of advertising media; preparation of copy, catalogs, bulletins, house organs, sales letters, and follow-up systems; printing techniques; type, illustrations, color processes; checking results; newspaper, periodical and retail store

advertising; functions of the advertising agency; proofreading; study of various samples and styles of advertising copy.

Business Administration II—Business Organization and Management

What business is, kinds of business, financing the enterprise, personnel and labor relations, marketing methods, statistics and research, and basic essentials of a successful business. The one-man business, the partnership, the corporation. Business organization and the necessity for intelligent management. It includes a discussion of and practice in modern business office procedure, location, planning and layout of office, office organization, method of selecting employees, stimulating employees, and the duties of various office workers; also a survey of the many positions and opportunities open to the business-trained man and woman.

Business Administration III—Business Psychology

This subject deals with the application of the principles of psychology to the personal relationships of business. It covers the study of human behavior and of methods by which attitudes and actions may be directed. It treats such matters as personal efficiency, analyzing others, influencing behavior, measurement and improvement of attitudes, the executive and employee relationship, salesman and the prospect, the supervising of employees and other psychological principles.

Business Administration IV—Economics

This course covers a general survey of the principles of economics. It examines the economic foundations of national wealth and welfare and indicates some of the simpler and more direct methods of strengthening business relations. It also covers the laws of production, wealth, labor distribution, management, methods of exchange manufacturing and administration.

Business Administration V—Merchandising

For managers, owners, retail buyers and their assistants in training for similar work. Lectures and discussions of policies and procedures based on actual practice. General principles underlying successful retail stores. Discussion of the individual problems of class members.

Business Administration VI—Public Speaking

The ability to speak is the short-cut of distinction. This course covers the principles and practice of effective expression in conversation and public speaking.

Business Administration VII—Salesmanship

This course gives a thorough knowledge of the principles of salesmanship.

GENERAL BUSINESS

Business Law I and II

The primary aims of the course are to help the student acquire a knowledge of those fundamental legal principles which have high personal-use value, as well as those principles which apply to ordinary business situations, and to insure an understanding of the nature of law and its enforcement. Contracts, negotiable instruments, sales, bailments, agency, partnerships, corporations, insurance, real property, and common carriers are among the topics considered; also C. P. A. questions.

Business Mathematics

An entire semester, consisting of a review of the fundamentals of arithmetic and stressing quick methods. The application of mathematics to business, such as percentage, discounts, interest, ratios, invoicing, pricing merchandise, and computing profit or loss.

Clerical Procedure

Covers the clerical procedures to be followed by the general office worker in the various departments of an organization.

English I and English II

This course is designed to give a thorough and practical study of English as it applies to business letter writing. It includes a review of the principles of grammar, punctuation, capitalization, and other mechanics of writing. Business vocabulary and oral English are stressed. Report writing is given considerable attention.

Filing and Indexing

Study and analysis of rules and filing procedure employed in the up-to-date business office.

Legal Office Procedure

On the job training for both office law and formal court procedures, the set-up of a law office, the books, the finding of cases and references so that the student learns to be a legal assistant, as well as a competent secretary.

Office Machines

A course of instruction on such office machines as adding machines, calculating machines (including comptometer), book-keeping, billing and posting machines, dictaphone and mimeograph machines.

Penmanship

Remedial practice—required for only those who need help. A plain legible handwriting is the primary objective.

Group discussions are encouraged, particularly in the Accounting Courses.

SECRETARIAL

Secretarial Duties and Functions

The student is trained for those duties which distinguish the secretary from the stenographer. An analysis is made of the broad scope of the work and the student is given a thorough training in the many details in which a secretary must qualify.

Shorthand I (Theory, and dictation to 60 words per minute)

Planned to give the student a thorough knowledge of fundamentals. Emphasis is placed on good shorthand penmanship, accurate proportion and legibility, and mastery of a basic vocabulary. Requires ability to write simple unfamiliar material at 60 words per minute.

Shorthand II (Dictation: 60-80 words per minute, and transcription)

Designed to increase the student's shorthand vocabulary with emphasis on developing speed and accuracy in making neat transcripts. 80 words per minute required.

Shorthand III (Dictation: 80-100 words per minute, and transcription)

Emphasis is placed upon mastery of the technical vocabularies of the more important lines of business; law, banking, insurance, real estate, manufacturing, merchandising, transportation, etc. 100 words per minute required. Daily transcription practice.

Shorthand IV (Dictation: 100-120 words per minute, and transcription)

The material used for dictation in longer and more difficult business letters from technical fields, editorials, reports, etc. Transcription drills are continued to increase speed and accuracy.

Shorthand V (Dictation: 120-140 words per minute, and transcription)

Emphasis on attaining ability to write unfamiliar matter, including difficult and technical words at above average rates of speed.

Shorthand VI (Legal Terminology and transcription)

Legal dictation and Congressional Record matter are typical of the material used. The shorthand forms of legal terminology and definitions and their place in legal reports and documents. The special terms, both ordinary legal terms and Latin phrases which

are commonly used in law are studied in conjunction with the review of the fundamental law that is taken during the first year; the law of property, contracts, and sales.

Speedwriting Shorthand

The primary purpose of Speedwriting is to teach a shorthand system, practically devoid of symbols, that can be more easily mastered than other shorthand methods, and that can, at the same time, fully meet the needs of business dictation.

An abc system designed to give the student a knowledge of writing shorthand. Emphasis is placed on taking dictation at 80-100-120 words per minute. The course includes theory, dictation, and transcription.

Spelling and Vocabulary Building

Designed to add fluency to a command of language. It includes drills in spelling, pronunciation, definitions, synonyms, antonyms, etc.

Typewriting I (Theory, and speed to 40 words per minute)

Correct posture at the machine, parts of the typewriter and their use, and development of touch technique with emphasis on the formation of correct habits as a foundation for speed and accuracy. 40 words per minute with five or fewer errors.

Typewriting II (40-50 words per minute)

Arrangement of business letters and envelopes, carbon copies, corrections and erasures, tabulation and statistical matter, and rough drafts. Drill to increase speed, accuracy, and rhythm. 50 words per minute with five or fewer errors.

Typewriting III (50-60 words per minute)

Manuscripts, billing, statements, legal and business papers, documents, secretarial assignments. Drills to perfect stroking technique and rhythm. 60 words per minute with five or fewer errors.

Typewriting IV

Advanced course in touch typewriting for those interested in developing speed and accuracy above the average.

Typewriting V

Legal typing: Stress on documents such as leases, complaints, bills of sale, mortgages, wills and general legal forms.

COLLEGE EXPENSES

Students may choose to pay tuition monthly or by the semester. When it is paid on a monthly basis tuition is payable and due the first of each month in advance. A special discount is given if one or two semesters are paid for at the time of entrance.

In the event that a student does not enter the course, or withdraws, or is discontinued therefrom, the unused portion of tuition is refunded on a pro-rata basis.

Any student who is absent from school for two consecutive weeks or more because of illness, or any excusable absence will be given special make-up classes at no extra charge.

Day School

Tuition	\$45.00 a month
Registration fee	10.00 (first year)
*Books and supplies	35.00 each semester

Evening School

Tuition	15.00 a month
Registration fee	5.00 (first year)
*Books and supplies	10.00 each semester

For less than full time program special rates will be given by arrangement at the office.

*Approximately—depending upon course pursued.

Historic Manchester—Stark Park

COLLEGE POLICY

ADMISSION REQUIREMENTS

Students may enroll at any time during the year except when a unit of work is so nearly completed that it would be an inconvenience or handicap to a student's progress to enter at that specific time. All applications and requests for personal interviews should be addressed to the Registrar, New Hampshire College of Accounting and Commerce, 88 Hanover Street, Manchester, New Hampshire.

A high school diploma or equivalent, or approval by letter of recommendation from the high school principal, is required for entrance into any diploma course of study offered by the College. Special students are also admitted. Fundamental business subjects are not required for admission. NHCAC courses are designed on a collegiate level, and in many cases it is to the student's advantage to have a college preparatory background.

Students who request credit for previous education and training are requested to submit, with their application, transcripts from former institutions of study. Credit for previous work will be given whenever advisable.

SPECIAL STUDENTS

Students are admitted on the strength of their background, or by testing, and a student must show satisfactory progress within the first semester to qualify as a regular student.

Students who want brush-up courses in Shorthand, Accounting, or Typewriting may enroll for less than a school year and may register as special students.

GRADING SYSTEM

Grades are recorded and submitted to students at the end of each semester. Students may obtain their grades at other times only at the discretion of the instructor.

There are two monthly warnings of unsatisfactory progress given before interrupting any student. This gives him three months in which to bring his grades up to standard.

The following alphabetical grades and the percentages that each represents are:

A = 90-100 B = 80-89 C = 70-79 D = below 70

ATTENDANCE

Students are expected to be in attendance at all class sessions. If a student has to be excused from a class, he must get permission from the main office before the class is in session, and he will be requested to sign an excuse slip. All students who are tardy or absent from school are requested to sign a slip before entering class. All tardiness, excuses and days absences are kept on file and accumulated against the student as days and hours of absence.

All class cuts, tardiness, and other emergencies have to be made up. The faculty is at the college every afternoon, Monday through Friday, or by appointment for this purpose. However, credit for class attendance cannot be made up.

NON-ATTENDANCE

Repeated unexcused absences may cause suspension or permanent interruption. Two warnings are given to the student for unsatisfactory attendance—absences, tardiness, class-cuts, and excessive excuses. If conditions have not improved after the second warning, the student is interrupted.

WITHDRAWAL

To withdraw from the college, a student must present written consent from his parents, if under 21 years of age.

The school reserves the right to dismiss a student for unsatisfactory conduct after two warnings have been given to the student. Repeated infringement upon, or violations of school rules and regulations, is sufficient reason for dismissal.

VETERANS INFORMATION

New Hampshire College of Accounting and Commerce was the first Business College to be approved for the training of Veterans in the State of New Hampshire. The college is presently approved for the training of Korean War Veterans, Disabled veterans, and for children of Veterans under P. L. 634.
