The Class of 2000 would like to thank all the faculty and staff members for their continued hardwork and dedication throughout our years at New Hampshire College.

Clubs and Organizations

Blessings to the class of 2000:

May your faith sustain you as you journey through life. Your faith will always be there for you in good times and in bad. Always remember that it is not material wealth that brings happiness, but loving what you do that is important in life. Each of you has been given special gifts by God, find them and develop them so as to make the world a better place to live. Always remember the importance of laughter in your life, because life is hard to endure without it. May you never have a "me and I" attitude, but rather a "we and us" attitude and you will be a true success.

- Father Bruce Collard

"Cory, Davey D., Pauly, and Glen ... your leadership on and off the field was appreciated. Thanks for the memories and the laughs along the way."

- Tom Poitras & Dave Anderson

SGA

This past year's Student Government has strived to reinvent itself and in doing so set the benchmark for student participation. In its quest to bring the many campus organizations is sponsors together, the SGA formed a House of Representatives, which enables a greater ease of communication among organizations. It has combined funding and membership with the Graduate School Association, opening both the undergraduate and graduate activities to all interested students. The pinnacle of SGA's hard work this year was reflected in the 2000 Board of Trustee's proposals in which SGA requested funding for school projects.

CAPE

CAPE, New Hampshire College's campus programming committee provided us with so many memorable and enjoyable events this year. Perhaps one of the most memorable events for the class of 2000 would be the Evening of Elegance Decades Dance. Other CAPE events such as the comedians in the Pub, the hypnotists, the major weekends, BBQ's and bands have all been such a great time to remember.

ACE

The Association for Cultural Exchange (ACE) is a New Hampshire College Club that exists to increase the interaction between International and American students and to create a better understanding of the different cultures at New Hampshire College. This past year Ace sponsored programs such as a trip to the International Festival in Boston, International Bazaar, Children's Day and their annual International Night.

IGC

The Inter Greek Council (IGC) is an organization that promotes activities for all of the Greek organizations at New Hampshire College. The purpose is to have the Greek organizations interact with each other as well as with the campus community. This year IGC sponsored many events and programs, such as the blood drive, greek games, leadership conference, and a number of community service events.

Greek Life

There are four national fraternities, one national sorority, and three local sororities on the NHC campus which comprise what is commonly known as the "Greek System". Since their inception in 1969, Greek organizations have played an integral part in developing both social and leadership skills in NHC students. College is more than just studying and grades, it is a unique living and learning experience in itself. Part of the idea behind college is to promote education in life, which is gained through interaction with peers. The Greek System offers opportunities for this interaction through involvement in scholarship and leadership activities, community service, and social programs. The Greek System offers many channels through which a student can get involved, besides his or her organization. The organizations are members of the Inter-Greek Council, hold many social events and participate in inter-fraternity and sorority athletic activities. More importantly, they promote community service projects and conduct fund raising drives to serve various community organizations and public service agencies.

Under the direction of first-year head coach Dennis Masi, the women's basketball team posted an 8-19 record—a major improvement for a team that went winless the year before. NHC opened the year with a 60-58 win over St. Michael's College and then its record to 2-0 following a 63-56 win over West Chester University the following day. The win over St. Michael's snapped a game losing streak, while the win over West Chester marked the first 2-0 start for the program since the 1989-90 season. The team won 14 of its first 16 games and later improved to 19-4 following a 70-66 win over conference rival Southern Conn State. A 77-72 loss at Southern Conn State and the Penmen the New England Collegiate Conference regular season title, and an 82-76 loss to UMASS Lowell in the conference tournament semifinals ended NHC's hopes for a third-straight NEC Tournament championship and an automatic bid to the NEC Tournament. Senior Bobby Miller led the attack all season, averaged a team-high 16.2 points and 7.8 rebounds and was named Co-Player of the Year in the NECC. The Men's soccer team closed the 1999 season with a 14-2 record and advanced to the NCAA Tournament for the 3rd-straight year. While the team's 6-22 record may not indicate it, the New Hampshire College softball team made some big strides under the direction of first-year head coach Terry Prouty. Much like the baseball team, an inability to win close games hurt the team all season. Most of the team's losses were by three runs or less. The highlight of the season came during a season-ending doubleheader with defeated New England Collegiate Conference champion Binghamton University. NHC upset the Bearcats, 1-0, in the opening game and the process ended BU's hopes for defending its league championship. Additional highlights included an impressive showing during a series of early-season losses at eventual NECC champion Southern Connecticut State, a 2-1 victory over in-state rival Plymouth State College and a 10-9 win at rival Franklin Pierce College. Freshman pitcher Katie Unsworth collected team MVP honors- and for good reason. She started 25 of NHC's 28 games on the mound and finished a new school record for innings pitched in the season. She allowed just four hits in the 1-0 win over Binghamton and posted an impressive 4.04 ERA during the year. Senior Tina-Marie Gurdak batted a team-high .368 and also led the team in hits (21), RBIs (10) and the doubles (5). Juniors Yolanda Pond, Carrie Turgeon, and Mandy Veilleux also enjoyed solid seasons.

Women's Softball

Men's Baseball

New Hampshire College Baseball team closed out the 2000 season with a 7-23 record. The team's 24-man roster featured three seniors and five juniors, and that inexperience may have played a role- as a closer look reveals that 10 of the team's losses were by three runs or less. The team won two of its first three games, but then lost 11 of its next 12 games and dropped to 3-12 following a 12-9 loss at Bentley College. Highlights of the season included an 18-9 thrashing of cross-town rival Saint Anselm College and a season-ending doubleheader sweep of Daniel Webster College. Seniors Jason Dubail, Mike Prymak, and Jason Trask capped off their careers, as did four-year pitcher Ken Sweeten. Dubail and Prymak became the seventh and eighth members of NHC's 100-Hit Club. Sophomore Ryan Frasca enjoyed an outstanding season and closed out the season as the team leader in hits (33), batting average (.388), RBI (12), and homeruns (4). Junior Shawn O'Grady batted .357 with 12 RBI, while sophomore Steve Prymak hit .342 with 12 RBI. J. Breault and Scott Chapman anchored the pitching staff. Breault struck out seven in an 8-1 win over Daniel Webster, while Chapman allowed just four hits in a 6-0 victory over Daniel Webster.

Where The World Comes To Mind

President's Message

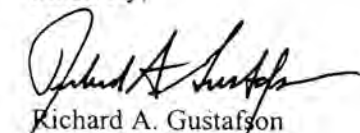

Congratulations to the Class of 2000: The First of the New Millenium

I'm sure that you'll look back on your college experience with wonder and more than a bit of nostalgia. In just a few short years you have become independent and have matured significantly as a result of your New Hampshire College experience. Perhaps you even remember some of my remarks at Orientation when I urged you to have high expectations of yourself and others and to be persistent in the pursuit of your educational goals. Now the new millenium unfolds as your future.

As with every new stage in life, your new level of achievement brings with it increased responsibility not only for your own future but for the future of others. Just as you have looked to your family and to the faculty and staff for guidance and support, others will now look to you for these same qualities. I am confident that your New Hampshire College degree will position you with strength for the next stage of life's journey.

I join the faculty, staff and the Board of Trustees in wishing you every success in your future endeavors. We have all witnessed your growth and development with a special pride and enthusiasm. As you leave New Hampshire College, know that you always have family here; family who care about you and your future endeavors. Please plan to return to the campus as alumni to share your success with us.

Sincerely,

Through good and bad, I gave what I had. Four years of discovery and in them I sought who I wished to be. All in all NHC is the place to be, for this is where I found me. Now, it is time to move on in my plan, for I believe I can.--Obrigado para tudo-pai, mae e tudo meu familia. To NHC soccer: all the best. "The best prophet is the past" -Lord Byron

Growing up happens in a heartbeat. One day you're in diapers; the next you're gone. But the memories of childhood stay with you for the long haul. I remember a place; a town; a house; a house like a lot of houses; a yard like a lot of other yards; on a street like a lot of other streets. And the thing is; after all these years, I still look back...with WONDER.

The answer gentlemen is that we are here, that life exists. That the powerful play goes on, and you may contribute a verse. What will your verse be? What I remember is, sitting up late, being young, drinking coffee with the only hero I ever knew, my Dad. Try not! Do or do not! -There is no try!- Jedi Master Yoda. To my friends- we made it-Goonies never say die :)

Perseverance is a great elementary of success; if you only knock long enough & loud enough at the gate you are sure to wake up somebody. I have been knocking long enough and have awoken the WORLD! Thank you, Mom. Without your constant encouragement, I would not have seen this day of graduation.

I would like to thank everyone who stood behind me, encouraged me, and made sacrifices with me. Dare to be different. You need to understand yourself, before you can be honest to others. Live to impress yourself, don't worry what others think. Never be afraid to ask a question, the worst anyone will answer is "NO".

- Heather Downs

On the dusty shores of some sun baked island, three young adventurers awake. They wake in the early morning hours of an already warm day and prepare for their morning venture. As they move from their beds and stand on their porch to greet the morning mist, a giant mountain looms before them. They will climb this mountain today and greet the sun as it creeps above the horizon to bring life to their island.

The adventurers hurriedly prepare their satchels and don their hiking boots and leave on their way down a dry and rocky trail leading to the base of the mountain. The walk is hard and long, the road sprinkled with large rocks and unsuspecting divots yet together they walk on.

After what felt like an eternity they were greeted with the foreboding base of the mountain. The four stared in awe at the sight and thought of the challenge ahead. As they looked ever higher they could begin to see the blackness of the night sky way to the early morning hue of orange and red. Anxiously, they pressed on eager to greet the prize that awaited them.

The mountain began its climb to the heavens with a short but steep incline that smoothed out onto a plateau. From here the mountain heaved high into the sky, spotted along its sides with boulders and deep crevices. Yet at the top remained the prize and the three adventurers knew this prize all too well.

The three climbed quickly and with determination. In just a short time they had reached the plateau and had trekked nearly half a mile to the base of the last great climb.

The three rested on the large rocks at the base of the last peak. They were already exhausted and the will to climb already diminished. But the sun was beginning to warm the horizon and the three knew they only had a short time left to complete their climb before missing the prize they had so eagerly set themselves upon.

Two arose from the rocks but the third did not. He told his friends he could climb no more and that their journey was wasted, as they would surely miss the morning sun. His friends defied his words and urged him on but he would not budge and his friends reluctantly set out on the last leg without their friend.

This last climb was very difficult. It blocked their paths. Prickly, sun-baked rocks and morning heat began to soak their skin. Yet by their goal.

As they neared a sharp ledge, one sharply down the mountain landing feet slowly and felt the warm touch of a friend to let him know it was only a moment. Relieved the climber urged his friend through no fault of his own his friend

Alone, the one moved on. With determination he climbed higher. He moved amongst the rocks, he leapt crevices and allowed his legs to rest and climbed and soared higher into the sky. His mind trained on his prize, his body provided the how.

As the sun began to lick upon his face, he felt the warmth of the sun wrapping around him. He looked out atop the mountain and saw the sun creep above the waters edge. He saw the fisherman returning their boat to shore, and he saw the streets below him begin to spring to life. The young adventurer saw the sun move along the island and as it past he saw life spring forth. He watched in awe as the morning light gave birth to a new day and with great joy he threw his hands high and declared that this day, of all the days to come... was his.

And atop our mountain we have all climbed as well. We have all worked long and hard to stand where we are today. Our journey has been difficult and many a time we have lost the urge to press on. Many of our friends have fallen behind, so unwilling to move on, and others unable.

Yet through determination and passion we have all fought on, we have climbed, we have struggled, and we have overcome. We have worked, we have studied and we have succeeded. We have practiced, we have trained and we have won. Now today we are all here in celebration of our victory.

We owe much to those around us for our success today. Our parents, professors, friends, and family have all helped shape who we are. Through the years they have been shoulders for us to cry on and shoulders for us to cheer from. They have helped us think and they have listened to our thoughts. Yet most of all they have simply been there, watching and waiting, nurturing and supporting.

So today is our day. Today is the day we graduate. Today is the day we proudly earn our degrees from New Hampshire College. Today is the day we finish an grand adventure that started many years ago. And tomorrow we will stand from the top of this mountain and look onto the next. We will scatter across the globe and carry on our great adventures and we will climb many mountains and find many prizes.

And so I wish you all the joy and success the world has to offer. I hope your travels take you far and wide. It has been an honor and a pleasure to know you and graduate with you. I am proud to call myself a fellow alumnus of yours and of our school. But most of all I wish you many more grand adventures.

Deep crevices and sharp rocks blocked their paths. Prickly, sun-baked rocks and morning heat began to soak their skin. Yet the two climbed on, determined.

of the friends slipped and fell. He fell heavily on his leg. He arose to his feet, blood on his leg. He called to his friend, a small cut and that it was not too serious. His friend to continue the climb but he could climb no farther.

passion and determination he climbed sharp rocks, careful of their dark crevices, be cut by sharp flowers. He climbed the sky. His mind trained on his prize, his body provided the how.

horizon the young adventurer began to climb. He heaved himself up the mountain. He lie there and saw that the way to the light blue hue of the sky had left he pushed himself up to the boulder. As he sat there, exhausted and drained of his will, his prize began to envelop him. He felt it first upon his face and then on his shoulders, soon it covered him whole and he could feel the warmth of the sun wrapping around him.

He looked out atop the mountain and saw the sun creep above the waters edge. He saw the fisherman returning their boat to shore, and he saw the streets below him begin to spring to life. The young adventurer saw the sun move along the island and as it past he saw life spring forth. He watched in awe as the morning light gave birth to a new day and with great joy he threw his hands high and declared that this day, of all the days to come... was his.

And atop our mountain we have all climbed as well. We have all worked long and hard to stand where we are today. Our journey has been difficult and many a time we have lost the urge to press on. Many of our friends have fallen behind, so unwilling to move on, and others unable.

Yet through determination and passion we have all fought on, we have climbed, we have struggled, and we have overcome. We have worked, we have studied and we have succeeded. We have practiced, we have trained and we have won. Now today we are all here in celebration of our victory.

We owe much to those around us for our success today. Our parents, professors, friends, and family have all helped shape who we are. Through the years they have been shoulders for us to cry on and shoulders for us to cheer from. They have helped us think and they have listened to our thoughts. Yet most of all they have simply been there, watching and waiting, nurturing and supporting.

So today is our day. Today is the day we graduate. Today is the day we proudly earn our degrees from New Hampshire College. Today is the day we finish an grand adventure that started many years ago. And tomorrow we will stand from the top of this mountain and look onto the next. We will scatter across the globe and carry on our great adventures and we will climb many mountains and find many prizes.

And so I wish you all the joy and success the world has to offer. I hope your travels take you far and wide. It has been an honor and a pleasure to know you and graduate with you. I am proud to call myself a fellow alumnus of yours and of our school. But most of all I wish you many more grand adventures.

You have come a long way from making pancakes while sitting on a Schwan's bucket and beating "naughty" eggs. We are very proud of you and your accomplishments. May the road rise to meet you.

May the wind be always at your back.

May the sun shine warm upon your face.

And rains fall soft upon your fields.

And until we meet again, May God hold you in the hollow of His hand.

We love you very much, Dad, Mom, Jennifer, Peaches & Pita

We are very proud of you, not just for your achievements, but for staying sane, kind and caring in a world where such things seem less important than projecting the Right Image. Whatever your position, you will succeed and you will be spoken of not with fear, awe or envy-but with affection and respect. We do not know where you will go or what you will do, but we stand ready to applaud. -Your crew at 'Maggie's Pond'

Message from the Editors

The completion of the 2000 Enterprise Yearbook has been both a rewarding as well as a challenging experience. It has been a difficult process, but we hope that we have helped capture many memorable occasions throughout your college years.

Although the yearbook staff consisted of very few members this year, we would like to express our appreciation to all who helped, including the cooperation from faculty/staff and the student body.

Special thanks to~

Steve Erickson (Jostens): Thank you for all of your patience and guidance through this one! Without you, we would not have completed the 2000 Enterprise edition (literally)! You're great!!!

Karen Orlick (Davor): Thanks for all of your cooperation and help with all of the senior portraits.

Scott Tierno: Well, where do we start? You have been a great advisor as well as a friend. Thank you for your continuous support and guidance throughout the year. You've been extremely patient and helpful to us and for that we are grateful. Good luck with the 2001 edition:)

Jackie Dunn: Without you, we don't know where we would be. Thank you for all of your efficiency and laughs along the way!

Shawn Gove: Thanks for all of the pictures that you took for us this year! It saved us a lot of time. (We're so proud of you, you didn't break any cameras this year).

Erica Elder: Thank you for the graduation pictures!

Tom McDermott: You are a crucial part of the yearbook staff. Thank you for the terrific sports pictures and write-ups.

Bob Lindquist: Thank for all of your patience and help with providing us with last minute pictures. Great job on the senior class picture!

2000 Graduates: It's been a long journey! We hope that this yearbook will provide you all with lasting memories for years to come. Congratulations on your graduation and the best of luck to all of you in whatever you choose to do in the future!

Sincerely~
