TRAP & SKEET

Once again NHC outperformed all comers in a New Hampshire Intercollegiate Skeet & Trap meet. On Friday, March 1, at the Merrimack Valley Sportsmen's Club the skeet and trap team, in exceptionally windy conditions, took top honors in both skeet and trap. The scores were:

	skeet	trap
NHC	210	218
NHVT	159	no entry
Dartmouth	159	182
UNH	177	160

High shooter in both events was Ron Cranshaw with 47 x 50 in trap and a perfect 50 x 50 in skeet. Also participating for NHC were: Lafermine, Gene Cascale, Jim Barenboim, Steve Weeks, Phil Orzel, Lin Bosler, Pete Gallagher, Dana Woods, Phil Wright.

CONGRATULATIONS TEAM! OUTSTANDING RON! WHAT HAPPENED TO PETER?

REBUTTAL

I do not intend dealing with people who have a low intelligence capability and can't use common sense. I would like to say in no way was I projecting violence and if so it was insinuated by you. I would like to remind you to use black when referring to the black people on this campus. Right there, I know that you need to think of what you write.

Also you have to remember that you are a majority; which are THEY, the oppressors, an invisible wall which black people must prevail. Because of within a population of 900 students only 5% is black, now who is the majority?

One more thing, we are college students, no one is green nor NEGRO.

One thought that I have to render to you is to think and carefully reconsider my article POWER. Mr. Marvin C. Dunn

GORDEN RESIGNS

Dean George Larkin recently announced that he has received the official resignation of Mr. Brian D. Gorden as Director of Student Activities. Brian, in his note of resignation, explained that he had been accepted in a doctoral program and at this time wishes to follow that direction. In his letter of resignation, Gorden thanked those members of the college community who supported his programs during his three year stay.

Dean Larkin stated that when Brian was employed three years ago, he inherited a confused student activities program, and since that time he has not only created order out of chaos, but also has greatly strengthened and expanded the activities offerings. His leadership and dedication to the college community will be sorely missed. Brian, however, will be one of the several members of the college community who will begin interviewing his replacement sometime in March.

PHI DELTA PSI

All Brothers should report to the Conference Room between 2 - 4 p.m. on Tuesday and Wed., March 5 & 6 for their I.D. pictures.

TWO WHEELS ARE BETTER THAN FOUR

Tired of long lines at the gas station, short of cash, want to take in a little of the New Hampshire countryside; the Granite State Wheelmen have the answer: the good old bicycle.

This unique organization, which is affiliated with the League of American Wheelmen, is in the business of bringing together people with the common interest of bicycling. Anyone interested in bicycling is eligible for membership.

Membership in the organization provides the members with several services. These include discounts on bicycle equipment at local store, informational newsletters, technical assistance, proposed cycling routes, and a complete listing of other members in the area.

The possibility of getting a group of interested students together, on campus, who are interested in cycling exists. Anyone interested in the Wheelmen group, or in getting something going on campus is invited to stop by the Student Activities office for more information.

CAMPUS NEWS

Dr. Richard Carle - Cooperative Education

Apparently there were many conflicting committee meetings and social events on campus and Dr. Carle of Sanders Associates did not meet many interested individuals on Friday to discuss the "Employers Viewpoint of Cooperative Education".

However, the meeting from 2 to 6 p.m. was rewarding. A list of questions developed at the meeting will be forwarded to Dr. Carle and he will give us a formal and detailed reply in writing. His statements will be published for all to review. If you have any suitable questions at this time, please give them to me as soon as possible.

The following individuals visited with Dr. Carle at various times throughout the time period:

Prof. Dorothy Rogers, Prof. Eleanor Barnes, Dr. Michael Jones, Arthur Clinton, Gary Booker, Craig Smith, Prof. Norman Lister.

He appreciated their input and looks forward to another get-to-gether.

In accordance with Prof. Eleanor Barnes' recommendation, additional consultants from the Northeastern Institute for Off-Campus Experience will also be visiting the campus periodically. Please feel free to communicate openly with these consultants.

President Edward Shapiro
New Hampshire College
2500 River Road
Manchester, NH 03104

Dear President Shapiro:

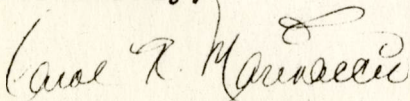

Presently, I am teaching at Norwalk High School, Norwalk, Connecticut. I am very pleased to be a part of the educational system. I must agree with others who have said that "Teaching is truly a rewarding experience."

Many times I have the nostalgic feeling for New Hampshire College. Since it was most of my life for three years, I miss it very much. New Hampshire College, and my drive for an education has helped me to achieve the position I am now in. I received an excellent education from the college, and I have to thank the entire College Community for their help and understanding.

Enclosed is a donation to be used for the H. A. B. Shapiro Memorial Library. It is only a small token of my appreciation. This donation will mark the pledge of a yearly sum to be presented to New Hampshire College. Once I become settled at my job, I hope to increase the amount of this donation.

Again, I wish to express my sincere appreciation to everyone. Best wishes for a happy and successful academic year.

Sincerely,

Carol R. Marinaccio
