DON'T RISK PROSECUTION

New Hampshire College has been notified by the JFK Coliseum that some of our students are violating their rules against drinking, and others have caused a dangerous situation by breaking bottles in the seating area.

Coliseum officials have given us a warning that if any of our students are caught drinking or throwing bottles, they will be apprehended and prosecuted by civil authorities, and reported to New Hampshire College for further disciplinary action.

MASTER ANTENNA SYSTEM

Mr. Dick Ball, Director of Audio Visual at NHC, announces that TV antennas have been distributed throughout the dorms and apartments. The main antenna on the library will soon be adjusted--probably by the end of the week. Dick says, "The pictures you are receiving now are probably poor, but be patient. By Monday the 29th, we hope to make everything perfectly clear!" He predicted that when the system is operating properly, viewers will be able to get all VHF channels from 2-13. Channel 13 will be NHC's closed circuit station.
