

Electric Lighting Fixtures

1998

Issued March 2000

MA335L(98)-1

(Formerly Series No. MA36L)

Information about the scope of the survey, methodology, explanation of terms and historical notes for this survey may be found in the introduction of the 1997 Manufacturing Profiles, issued August 1999.

Current data are released electronically on Internet for all individual surveys as they become available. Use: <http://www.census.gov/econ/www/manumenu.html>. Individual reports can be accessed by choosing "Current Industrial Reports (CIR's)," clicking on "Report Number Index;" from the "Industrial Products by Numeric Index," choose the survey of interest. Follow the menu to view the PDF file or to download the worksheet file (WK format) to your personal computer.

These data are also available through the U.S. Department of Commerce and STAT-USA Electronic Bulletin Board by subscription. To access, dial 202-482-3870 and follow the prompts to register. Also, you may call 202-482-1986 or 1-800-STAT-USA, for further information. The Internet address is: www.stat-usa.gov/.

NOTE:

Data are now published on the new North American Industry Classification System (NAICS) basis and therefore are not always comparable to the old Standard Industrial Classification (SIC) code. For further information on NAICS, see www.census.gov/epcd/www/naics.html.

Summary of Findings

During 1998, the total value of shipments of electric lighting fixtures was \$6,710.6 million. This represents a one-percent decrease from the 1997 total value of \$6,775.9 million. The 1998 data includes residential type fixtures, \$1,031.8 million, a decrease of 2.6 percent from 1997; commercial and institutional type fixtures, \$3,175.0 million, an increase of 3.1 percent from 1997; industrial type fixtures, \$727.8 million, a decrease of 7.5 percent from 1997; and outdoor lighting equipment, \$1,776.0 million, a decrease of 4 percent from 1997. Vehicular lighting equipment data were discontinued in 1992.
